1. Policy Statement

At St Mary's College we recognise our moral and statutory responsibility to safeguard and promote the welfare of all children. We endeavour to provide a safe and welcoming environment where children are respected valued, and they can recognise when they are at risk and how to access help when they need it. We are alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support, protection and justice. The procedures contained in this policy apply to all staff, governors, volunteers and contractors.

Staff working with children at St Mary's College, will maintain an attitude of '**it could happen here**' where safeguarding is concerned. When concerned about the welfare of a child, staff will always act in the best interests of the child, and if any member of our community has a safeguarding concern about any child or adult, they should act immediately.

Our Child Protection and Safeguarding Policy and associated procedures will be made available through our school's website, reviewed and ratified annually by the Governing Body. We will ensure it remains current and incorporates all revisions made to local and national guidance. All staff in our school are consulted and contribute to the development of this policy as part of the review process. Parents/carers can request a copy. We are also able to arrange for our policy to be made available to parents whose first language is not English, upon request.

Our governing body recognises the need to ensure that it complies with its duties under legislation, and this policy has regard to statutory guidance; Keeping Children Safe in Education (KCSiE), (2021), Working Together to Safeguard Children (2018), Key statutory and non-statutory guidance and any locally agreed inter-agency procedures. **Appendix 1 - Key Statutory and non-statutory guidance**

The school will ensure we practice safer recruitment in checking the suitability of adults to deter and reject unsuitable people from entering the workplace. **Appendix 2 - Safer Recruitment, selection and pre-employment vetting (Part 3 Keeping Children Safe in Education 2021 - KCSiE)**

St Mary's College will work in partnership with Sefton Strategic Safeguarding Partnership to safeguard and promote the welfare of children in the local area, and follow relevant local arrangements, policies and procedures as set out under the local safeguarding strategic partnership arrangements. This includes locally agreed multi-agency safeguarding arrangements put in place by the safeguarding partners.

Our core safeguarding principles are:

- **Prevention:** positive, supportive, safe culture, curriculum and pastoral opportunities for children, safer recruitment procedures.
- **Protection:** following the agreed procedures, ensuring all staff are trained and supported to recognise and respond appropriately and sensitively to child protection and safeguarding concerns.
- **Support:** for all children, parents and staff, and where appropriate specific interventions are required for those who may be at risk of harm.
- **Working with parents and other agencies:** to ensure timely, appropriate communications and actions are undertaken when safeguarding concerns arise.

2. Definitions ad Ethos

St. Mary's College is a community and all those connected to it (staff, governors, parents, families and students) have an essential role to play in making it safe and secure. The school recognises our moral and statutory responsibility to safeguard and promote the welfare of children with their best interests at the centre of our work.

St. Mary's College recognises the importance of providing an ethos and an environment that strives to ensure that all its pupils remain safe, secure, free from harm and respected. The purpose of this document is to ensure that all staff are aware of the arrangements that St. Mary's College has in place for safeguarding and promoting the welfare of its pupils.

For the purposes of this Policy and procedures a child, young person, pupil or student is referred to as a 'child' or a 'pupil' and they are normally under 19 years of age. Wherever the term 'parent' is used this includes birth parents and other adults who are in a parenting role, for example step - parents, foster carers and adoptive parents. It also includes corporate parents ie local authority.

Staff refers to all those working for or on behalf of the school, full time or part time, temporary or permanent, in either a paid or voluntary capacity.

Wherever the term 'Principal' is used this also refers to any Manager with the equivalent responsibility for children.

Safeguarding and promoting the welfare of children is defined as:

- Protecting children from maltreatment.
- Preventing impairment of children's mental and physical health or development.
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all children to have the best outcomes.

Child protection refers:

- To the processes undertaken to protect children who have been identified as suffering or being at risk of suffering significant harm.

The Governors and staff of St. Mary's College take, as our priority, the responsibility to safeguard and promote the welfare of our pupils, to minimise risk and to work together with other agencies to ensure rigorous arrangements are in place within our school to identify, assess and support those children who are suffering harm and to keep them safe and secure whilst in our care.

3. Principles

Our school core safeguarding principles are:

- Safeguarding is everyone's responsibility: all staff, or anyone who has contact with a child or young person including Governors and volunteers, should play their full part in keeping children safe;
- Making the welfare of the child paramount. Considering what life is like for the child, maintaining a culture of vigilance.
- That we operate a child-centred approach: a clear understanding of the needs, wishes, views and voices of children including trying to understand their lived experience.

- Create an environment where children can tell us what they think they need to keep them safe and express their concerns to a trusted person.
- Provide support and intervention at the earliest possible opportunity in the least intrusive way in accordance with Sefton Level of Need Document. Summary can be found in (**Appendix 1**)
- We recognise our school is an important part of the wider safeguarding system for children.
- All children (defined as those up to the age of 18 together with pupils over that age) regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection.
- We will aim to protect children using national, local and school child protection procedures;
- We aim to work in partnership and have an important role in multi-agency safeguarding arrangements as set out by Working Together 2018.
- That all staff or anyone who has contact with a child or young person including Governors and volunteers, *have* a clear understanding regarding abuse and neglect in all forms; including how to identify, respond and report. This also includes knowledge in the process for dealing with allegations against professionals . Staff, Governors, Staff, Contractors and Volunteers should feel confident that they can report all matters of Safeguarding in the school, where the information will be dealt with swiftly and securely, following the correct procedures with the safety and wellbeing of the children in mind always.

4. Overall Aims

There are four main elements to our Child Protection Policy:

- **Prevention:** by creating a positive school atmosphere and providing high quality teaching and pastoral support to pupils;
- **Protection:** by following agreed procedures and ensuring staff are appropriately recruited, trained and supported to respond appropriately and sensitively to Child Protection concerns;
- **Support:** by providing support for pupils and school staff and for children who may have been or are being abused including any investigation process;
- **Working with parents and other agencies** (to ensure appropriate communications and actions are undertaken).

We will do these things by:

- Ensuring we check the suitability of adults who have unsupervised contact with children and appropriately supervising others who are temporarily in school but not undertaking 'regulated activity';
- Undertaking a risk assessment for those adults who are temporarily in school but not undertaking 'regulated activity';
- Ensuring all staff and volunteers have read the DfE statutory guidance 'Keeping Children Safe in Education' part one (September 2021) and Annex A and B; Part five Child on Child Sexual Violence and Sexual Harassment
- Promoting good health and well-being
- Managing behaviour and adopting safe practice and acceptable physical intervention techniques
- Equipping children with the skills needed to keep them safe and empowering children to feel safe;
- Identify children who may require an early help assessment.
- Being alert to any issues of concern in children's lives at home, with their peer group and their neighbourhood.
- Ensuring extra care is taken to ensure that signs of abuse and neglect are identified and interpreted correctly, particularly for **vulnerable groups** such as children with communication/language difficulties or who use alternative/augmented communication systems;

- Ensuring that staff have the skills, knowledge and understanding necessary to support 'looked-after and previously looked-after children' and to keep them safe;
- Ensuring all staff are able to recognise the signs and symptoms of abuse and are aware of the school's procedures and lines of communication for reporting concerns/suspected or actual cases of abuse;
- Monitoring and supporting children and young people who have been identified as having welfare or protection concerns in accordance with his/her agreed Child Protection Plan;
- Maintaining robust records, policies and procedures;
- Keeping confidential records, which are stored securely and shared appropriately with other professionals;
- Ensuring all steps are taken to maintain site security and pupils' physical safety by establishing a safe environment in which children can learn and develop;
- Ensuring staffing arrangements meet the needs of all children and ensure their safety. We will ensure that children are adequately supervised and decide how to deploy staff to ensure children's needs are met.

5. Frameworks

Appendix 1 sets out all statutory and non-statutory guidance from which this policy is based.

6. Implementation

This Policy, and supporting procedures apply to all who encounter children in the school, including: teachers, supply teachers, learning support staff, teaching assistants, mid-day supervisors, admin staff, meals supervisors, caretakers, cleaners, visiting students, parent helpers/volunteers, governors, contractors and other visitors.

This Policy should be read in conjunction with other related policies and procedures including:

- Staff code of conduct
- Whole school behaviour policy
- Anti-bullying policy
- Exclusion policy
- Network & Internet Use Policy for Students
- Staff Use of ICT resources Policy Statement
- Addendum COVID 19 Policy
- SEMH policy
- Relationships - Sex and Health Education
- Policies and guidance related to Mental and Physical Health
- Guidance for NPCC helpline and usage - when to call the police guidance from the NPCC)
- Attendance policy and procedures
- On line policy and procedures
- Health and Safety policy and procedures
- Safer Recruitment, Selection and Pre-Employment Vetting Policy and Procedures
- School Single Central Record (restricted access)
- Single Equality Scheme/Objectives
- Accessibility Plan
- Data Protection Policy
- Supporting Pupils with Medical/Health Conditions Policy and Procedures
- SEND Special Educational Needs Policy
- Whistleblowing Procedures
- Intimate Care Procedures
- Educational Visits Procedures (including procedures for assessing risks)
- First Aid and Accident Procedures
- Missing Child Procedures

- Guidance on the use of Photographic Images
- Guidance the use of mobile phones and cameras
- Procedures for protecting children when contractors are working in educational settings
- Code of Conduct for adults visiting or working on a school site (leaflet)
- Risk Assessments (incl. Fire Safety)
- Premises Management including security measures (formal inspections and Buildings Register) Lettings arrangements
- Sefton Level of Need Guidance (assists schools to respond appropriately and make timely decisions about how to respond to the needs of the child/children and families they are working with. **Appendix 3 - Summary of the level of need.**
- Sefton Safeguarding Strategic Safeguarding Policies and Procedures Online Manual can be found at: <https://seftonlscb.safeguardingpolicies.org.uk/lscb/procedures-manual/1-introductionlevel-of-need>

Our school recognise the COVID 19 pandemic may have affected our children's mental health and wellbeing. Any pupil who requires support throughout the pandemic, whether it be at school or whilst isolating at home, will continue to receive the pastoral support we offer to all our pupils. Pupils are clear that they can contact the DSL or Deputy DSLs over Teams or email. Access to the school nurse has continued throughout the pandemic and if face to face appointments are not possible, then online or telephone calls are put in place.

7. Equality statement

Our school recognise children's diverse circumstances and are committed to the legal responsibilities under the Equality Act 2010. As a school we understand that children, regardless of their background, could be a victim of child abuse and therefore are entitled to the same degree of protection and support regardless of any barriers they may face.

We give special consideration to children:

- Who have special educational needs (SEN) or disabilities or health conditions
- Who are young carers
- Who may experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Who have English as an additional language
- Who are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Who are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Who are asylum seekers
- Who are at risk due to either their own or a family member's mental health needs
- Who are looked after or previously looked after
- Who are missing from education
- whose parent/carer has expressed an intention to remove them from school to be home educated

8. Policy compliance, monitoring and review

St Mary's College will review this policy at least annually (as a minimum) and will update it as needed, so that it is kept up to date with safeguarding issues as they emerge and evolve, including lessons learnt. The policy will also be revised following any national or local updates, significant local or national safeguarding events and/or learning, and/or any changes to our own procedures.

All staff (including temporary staff and volunteers) will be provided with a copy of this policy and Part One and/or Annex A of KCSIE 2021 as appropriate. This is emailed to staff and is placed on the staffroom safeguarding board. **Annex A is a condensed version of Part one of KCSIE 2021 which can be provided instead of Part one to those staff who do not directly work with children, if the governing body/proprietor think it will provide a better basis for those staff to promote the welfare and safeguard children.**

Parents/carers can obtain a copy of the schools Child Protection Policy and other related policies on request. Additionally, our policies can be viewed via the school's website: <https://stmarys.ac/our-school/policies>

The policy forms part of our school development plan and will be reviewed annually by the governing body who has responsibility for oversight of safeguarding and child protection systems.

The Designated Safeguarding Lead and Principal will ensure regular reporting on safeguarding activity and systems to the governing body.

9. Roles and Responsibilities

9.1 The Role of all staff including supply staff, volunteers and contractors

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff including those not directly employed by the school, such as contractors, volunteers, and governors in the school. This policy will be read by all staff as part of their induction.

The Governing Body will be collectively responsible for ensuring that child protection and safeguarding arrangements are fully embedded within the school's ethos and in the school's day to day safeguarding practice. They will ensure:

- All staff working directly with children will read and understand their statutory responsibilities outlined in Part 1 and Annex B of the Department for Education's statutory safeguarding guidance Keeping Children Safe in Education 2021
https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1007260/Keeping_children_safe_in_education_2021.pdf
- That staff who do not work directly with children will read either Part 1 or Annex A, as determined by the DSL and the leadership, dependent on their roles, responsibilities and contact with children
- That staff will be aware of our systems which support safeguarding, including reading and understanding their professional responsibilities as outlined in Guidance for Safer Working Practice (2019) and the COVID 19 addendum of GSWP (2020), understanding the role of the designated safeguarding lead (DSL), reading and understanding the school behaviour policy and their safeguarding responses to children who go missing from education during the school day
 - To be aware that any concerns any staff has about a Head teacher, should be referred to the Chair of Governors.
 - To be aware of Whistle Blowing procedures and where to obtain further information, advice and support. (see Whistleblowing Policy)
 - If at any point there is a risk of immediate serious harm to a child, a referral will be made to Sefton MASH immediately – **anybody can make a referral**. If it is deemed an emergency the police will need to be called.
- All staff understand the early help process and work closely with their early help worker attached to the school
- All staff will understand that a child's experiences, such as abuse, neglect, trauma and adverse childhood experiences, can impact on their mental health, behaviour & education

- All staff are clear about the process for making referrals to local authority Children's Social Care (CSC)
- Staff understand if there are concerns about a child's welfare, they will firstly speak to the DSL, DDSL or Principal (in the absence of a DSL), to agree a course of action. In the absence of a DSL or Principal being available, staff must not delay in directly contacting Children's social care or the police if they believe a child is at immediate risk of significant harm
- All staff know what to do if they identify a safeguarding issue, or a child discloses to them that they are being abused or neglected
- All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school. Staff should consider whether children are at risk of abuse or exploitation in situations outside their families and speak to the DSL
- All staff will use school procedures for recording any cause for concerns and passing information on to DSLs in accordance with school's recording systems
- All staff understand the signs of different types of abuse and neglect, as well as specific safeguarding issues as outlined in the policy
- Staff will speak to the DSL if they have a concern about a child's mental health
- To recognise the new requirements on Children Missing from Education and particularly those where it is believed a child/children may be leaving the country;
- To refer and adhere to Children Missing from Education (CME) processes and procedures as set out by national and local guidelines on all children where there is a concern they may be missing or who are missing.
- Recognising that Electively Home Educated Children can be more vulnerable than other children and regarding the motivations of the intention to home educate. Therefore, recognising the responsibilities the school/college has to those who are thinking about or who are about to home educate, including those who have been removed from a school/college roll with a view to home educate.
- Recognising that Looked After Children and care leavers are more vulnerable than other children, often having poorer educational outcomes; therefore, ensuring their wellbeing, safety and welfare, helping them to reach their potential which includes the looked after child who is moving on. The school/college will also ensure that care leavers are supported with pathways including liaison with the Local Authority where a personal advisor will be appointed.
- All Staff / anyone who has contact with a child or young person including Governors and volunteers recognise their roles and responsibilities under SEND, that those children in the school may not be able to recognise abuse, abusive situations or protect themselves from significant harm and exploitation;
- Recognising the needs of young carers in that they can be more vulnerable or placed at risk. Therefore, being able to identify young carers and ensure they are supported to help reach their potential with an understanding that staff and volunteers will need to refer into early help social care services for an assessment of their needs.
- All Staff / anyone who has contact with a child or young person including Governors and volunteers are aware of Private Fostering and recognise they have a duty to notify the MASH if it is thought or known that a child or young person may be Privately Fostered.
- All Staff / anyone who has contact with a child or young person including Governors and volunteers are aware of Extremism, which include the signs of, concerning behaviours, and ideologies considered to be extreme; as well as having an understanding of the British Values Agenda. This will include attendance at training on either Prevent/ or training considered sufficient by the Local Authority which fulfils the requirements of the prevent Duty for schools
- All Staff / anyone who has contact with a child or young person, including Governors and volunteers know about Prevent duties and will report any concerns to the Safeguarding Designated Lead Sean Hardeley /Jonathan Webster in the school who has responsibilities under Prevent to take action, offer advice and support, which may include a referral into Channel using the case pathway process;

- When using reasonable force this is in line with national guidelines and takes into account individual pupil needs and risk management /care plans and in particular with regard to SEND;
- All Staff / anyone who has contact with a child or young person, including Governors and volunteers should recognise homelessness and the impact on the pupil facing homelessness, or who is homeless;
- This School recognises the importance of learning from national and local Serious Case Reviews and Thematic Learning Reviews. We are aware of the impact this has on how we carry out our Safeguarding and Child Protection responsibilities and roles.
- **All** staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside of these environments. **All** staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence, county lines and sexual abuse.
- All staff should recognise that online safety issues that occur offsite should be considered in the same way as other offsite safeguarding concerns.

9.2 The Role of the Designated Safeguarding Lead (DSL) and Deputy Designated Safeguarding Lead

The school has a member of the senior leadership team designated by the Governing Body as the Safeguarding Lead, who will provide support to staff members and other adults to carry out their safeguarding duties, and who will liaise closely with other services such as children's social care and other services that support children. These are: **Mr Sean Hardeley, Mrs Julie Thomas and Mrs Suzanne Bartolo**. The role of the DSL is explicit in the role-holder's job description as set out in **Keeping Children Safe in Education 2021 Annex C**

During term-time the DSL and/or a deputy will always be available (during school/college hours) for staff in the school/college to discuss any safeguarding concerns. Arrangements will be made to ensure that access to the DSL or deputy will be available to staff during off-site visits or other extra-curricular activities taking place outside normal school hours.

The DSL will have knowledge and skills for recognising and acting upon Child Protection concerns, having received appropriate training. The DSL is also the '**Prevent Single Point of Contact**' (SPOC).

Liaison and Referrals

The DSL will:

- Liaise with Children social care and other agencies in Sefton (If children live in another area liaise with the relevant agencies)
- Refer all cases of suspected abuse or allegations to Sefton Multi Agency Safeguarding Hub [MASH] immediately, if at any point there is a risk of immediate serious harm to a child the school need to contact the police. **Anybody can make a referral.**
- Liaise with staff and act as a source of support, advice and expertise within school when deciding to make a referral using Sefton MASH Contact on-line form. This can be found at <https://www.sefton.gov.uk/social-care/children-and-young-people/report-a-child-or-young-person-at-risk/information-for-professionals.aspx>
- Liaise with the Principal (where this is not one and the same person) to inform them of issues under Section 47 of the Children Act 1989 and Police investigations

- Ensure the most relevant trained person attends strategy discussions, case conferences, core groups, or other multi-agency planning meetings, team around the family (TAF), contributes to assessments, and provides a report which has been shared with the parents where necessary
- Ensure that any child currently on a child protection plan who is absent from school without explanation is referred to Sefton Council School Attendance First Day Response Scheme, and contact is made with the social worker, in their absence, a Team Manager
- Be responsible for responding to domestic abuse notifications from the Operation Encompass Initiative and provide support to children and their families as appropriate
- Refer concerns about peer on peer abuse including allegations of sexual violence and sexual harassment and accessing multi-agency support when appropriate
- Refer concerns about missing children or any transfer concerns to Sefton Children Missing Education cme@sefton.gov.uk;
- Understand advise and support the school/college and staff regarding the requirements of the Prevent Duty to protect children from the risk of radicalisation
- Refer cases, and support staff who make referrals to the Channel programme where there is a radicalisation concern
- (EYFS) inform Ofsted of any allegations of serious harm or abuse by any person working with a child (whether the allegations relate to harm or abuse, committed on the premises or elsewhere) and of the action taken in respect of the allegations
- Where required to do so, liaise with the “Case Manager” and Local Authority Designated Officer (LADO) in cases of allegations against a member of staff or another adult
- Refer to the DBS anyone who has harmed, or poses a risk of harm, to a child and who has been removed from working (paid or unpaid) in regulated activity or would have been removed had they not voluntarily left the school
- Refer to the Police, cases where a crime may have been committed
- Hold information on which children have a social worker, so that decisions can be made in the best interests of the child’s safety, welfare and educational outcomes
- Access a range of advice to help identify children in need of additional mental health support.
- Liaise with the three safeguarding partners and work with other agencies in line with Working Together to Safeguard Children. ‘When to call the police’, should help designated safeguarding leads understand when they should consider calling the police and what to expect when they do. (NPCC 2020)

Training

The DSL will:

- Receive appropriate [DSL] training, including ‘**Working together**’, updated every two years, and other training associated with the role including ‘**Prevent**’ awareness
- Attend the DSL network, and link with Sefton Strategic Safeguarding partnership arrangements to ensure staff are aware of training opportunities and the most recently published local policies on safeguarding arrangements
- Understand the assessment process for providing early help and intervention, for example through locally agreed processes such as the Early Help Assessments (EHA)
- Ensure each member of staff, including new and part-time staff and volunteers, contractors and students has access to and understands the school’s child protection policy, staff code of conduct & whole school behaviour policy
- Be alert to the specific needs of children in need, including those with special educational needs and disability, health conditions, young carers and those at risk of radicalisation, modern slavery and child sexual/criminal exploitation
- Keep detailed, accurate and secure written records of concerns and referrals
- Arrange training relating to specific safeguarding issues that may occur inside school, the neighbourhood and on- line

- Understand the unique risks associated with online safety and are confident that they have the relevant knowledge and up to date capability required to keep children safe whilst online at school
- Recognise the additional risks that children with SEN and disabilities (SEND) face online, e.g. online bullying, grooming and radicalisation, and be confident and have the capacity to support SEND children to stay safe online
- Encourage a culture among all staff and other adults of listening to children and taking account of their wishes and feelings in measures the school may put in place to protect them
- Keep up to date with any changes to online safety.

Raising Awareness

Our DSL will:

- Ensure the school child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors and staff regarding this
- Ensure during induction, all staff, supply staff, volunteers and contractors have a clear understanding of the Child Protection Policy and Procedures, the School Code of Conduct for staff, Whole School Behaviour Policy, On-line safety policy, role of the DSL, response to children who go missing from education and are provided with a copy of Part 1 and Annex A of 'Keeping Children Safe in Education 2021'
- Ensure the child protection policy is available publicly and parents know referrals may be made about suspected abuse or neglect, and the role of the school or college in this
- Promote educational outcomes by sharing information about the welfare, safeguarding and child protection issues that children with a social worker, are experiencing, or have experienced, with teachers and school and college leadership staff. This will ensure that our staff, know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort. We will support teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children.
- Where children leave the school or college, ensure their Child Protection file is copied for any new school or college but transferred separately from the main pupil file. It is aimed that this is sent within 5 days.

(The full responsibilities of the DSL are set out in Annex C of KCSIE 2021 – Role of the designated safeguarding lead.)

9.3 The Role of the Principal

It is the responsibility of the Principal to:

- Ensure that staff (including temporary and supply staff) and volunteers are informed of this policy as part of their induction
- Ensure policies and procedures adopted by the Governing Body are fully implemented
- Ensure that all staff receive an induction to the work they are to undertake in the school
- communicate this policy to parents when their child joins the school and via the school website
- Ensure that the roles and responsibilities of the DSL/DDSL, as referenced in Annex C of KCSIE (2021), are reflected in their job description
- Ensure that the DSL has appropriate time, training and resources, and that there is always adequate cover if the DSL is absent
- Ensure that they attend any briefings for Principals on safeguarding and child protection and that all staff undertake appropriate safeguarding and child protection training
- Ensure all staff and volunteers feel able to raise concerns about poor or unsafe practice in relation to children, and such concerns are addressed sensitively and effectively in a timely manner by supporting the Whistleblowing procedures.
- Act as the 'case manager' in the event of an allegation of abuse made against another member of staff (including supply staff) or volunteer, where appropriate
- Ensure that all recommendations made by the Local Authority in relation to strengthening the school's safeguarding arrangements are actioned in a timely fashion
- Ensure all staff, volunteers and contractors can raise concerns about unsafe practice in relation to children

9.4 The Role of Teachers

Teachers, including the Principal, will safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties in line with the Teacher Standards 2011 (updated 2013).

9.5 The Role of the Governing Body

The Governing Body is responsible and accountable for ensuring:

- The School/College facilitates a whole-school approach to safeguarding, ensuring that safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development
- The School/College has appointed an appropriate senior member of staff from the school leadership team to the role of Designated Safeguarding Lead (DSL) with a named deputy
- Evaluation and approval of this policy at each review, ensuring it complies with the law, and hold the Principal to account for its implementation
- Appointment of a governor to lead on child protection/safeguarding to monitor the effectiveness of this policy in conjunction with the full governing board
- That the lead governor accesses the designated safeguarding governor training and any associated briefings
- All staff members receive regular safeguarding and child protection updates, at least annually, to provide them with the relevant skills and knowledge to keep our children safe. For example, 7 minute briefings which can be found at: <https://seftonlscb.org.uk/lscb/news/sefton-lscb-7-minute-briefings>
- The School/College has recruitment and selection procedures in place
- Any **child protection files** are maintained as set out in Annex C; KCSIE (2021)
- If an allegation of abuse is made against the Principal, the chair of governors acts as the 'case manager'
- The school/college has appropriate IT filtering and monitoring systems in place and should be informed in part, by the risk assessment required by the Prevent Duty in order to limit children's exposure to online risks
- The School/College have procedures in place for supporting pupils with medical/health conditions
- The governing body, along with the school's senior leadership team, are responsible for satisfying themselves and obtaining written assurances from any relevant school lettings and alternative/off site providers and provisions that their safeguarding arrangements are secure, in keeping with the requirements set out in KCSIE 2021. This includes ensuring that the provision has effective safeguarding policy/procedures/training in place for all staff. The provision follows safer recruitment processes and have clear allegation management processes. Children who attend alternative provisions can often have complex needs and it is important that these settings are aware of the additional risk of harm that their pupils may be vulnerable to and appropriate risk assessments/support plans are in place where children access provision offsite.
- The governing body will supply information as requested by the Sefton Strategic Safeguarding Partnership

(The full responsibilities of the governing body are set out in Part Two of KCSIE 2021– The management of safeguarding. The governing body will ensure that the school is fully compliant with their statutory safeguarding responsibilities.)

The Role of the Safeguarding Governor

- To be familiar with LA guidance and policy relating to safeguarding and child protection and associated issues, and to attend training for nominated safeguarding and child protection governors.
- To ensure the Governing Body puts in place a suitable safeguarding and Child Protection Policy and associated procedures.
- To champion safeguarding and child protection within the school.
- To encourage other Governors to develop their understanding of the Governing Body's responsibilities with regard to Child Protection and assist them to perform their functions in respect of Safeguarding Children and Young People.
- To meet regularly with the senior member of the school's leadership team who is the designated teacher for safeguarding and Child Protection in order to monitor the effectiveness of the Safeguarding and Child Protection policy.
- To liaise with the Head Teacher and LA over matters regarding confidential child protection issues involving allegations against staff.

9.6 The Role of School Nurse

Confidentiality between the child or young person and the School Nurse is crucial to the success of the relationship and the outcomes of counselling. While school nurses are used to working within confidentiality codes, they will be aware that there is no such thing as absolute confidentiality when working with children and young people. This will be explained to the child/young person. Child protection concerns, and the welfare of children and young people will, at times, need to take precedence over confidentiality.

The school nurse should discuss difficult decisions about disclosures with their clinical supervisor and/or line manager and, if appropriate, the DSL within the school. Where they think anyone is at risk of significant harm they should report this to the DSL immediately.

10 Checking the identity and suitability of visitors

Our school have robust procedures in place for people visiting the school. For visitors who are there in a professional capacity we will check ID and be assured that the visitor has had the appropriate DBS check. Visitors are always expected to sign the visitors' book and wear a visitor's badge when in school. We will ensure that visitors to our school are supervised as appropriate.

All visitors to our setting, including visiting speakers, will always be accompanied by a member of staff. We will not invite into the school any speaker who is known to disseminate extremist views and will carry out appropriate checks to ensure that any individual or organisation using school facilities, is not seeking to disseminate extremist views or radicalise children or staff.

11 Children reporting safeguarding concerns

St Mary's College recognise that concerns raised by children need to be taken seriously. We recognise the importance of ensuring children feel safe and comfortable to come forward and report any concerns and/or allegations. To address this, we have put into place systems that are well promoted, easily understood and accessible for all, including those children who have additional needs.

Children should report any concerns they have to their form tutor, Head of Year, DSL or Deputy DSL. We also provide opportunities for reporting concerns through discussions in our EPR, RSE and PSHE curriculum. The SENCo, deputy SENCo and Heads of Year monitor the well being of all children closely, especially those with SEND and who are LAC. When appropriate, these pupils are provided with a designated teacher who acts as a single point of access for which they can report any concerns.

All staff will reassure pupils that they are being taken seriously and that they will be supported and kept safe. Pupils are never given the impression that they are creating a problem by reporting safeguarding concerns, nor are they made to feel ashamed.

12 Opportunities to teach safeguarding

Our school plays an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is 'safe' both online and off line, to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned.

The governing body ensures our children are taught about safeguarding (including online safety), and through teaching and learning opportunities as part of a broad and balanced curriculum.

Our curriculum will provide opportunities for increasing self-awareness, self-esteem, social and emotional understanding, assertiveness and decision making, so that children have a range of contacts and strategies to ensure their own protection and understand the importance of protecting others. Systems have been established to support the empowerment of children to talk to a range of staff when they are in difficulty and to raise comments, complaints and feedback about their school experience and any other external issues which affect their wellbeing. Children will be listened to and heard, and their concerns will be taken seriously and acted upon as appropriate. Records will be kept of reported incidents in line with guidance.

We encourage the safe use of external agencies or speakers to enrich the experiences of our children. We will, however, positively vet those external agencies, individuals or speakers who are invited by the school staff or by the children themselves to ensure that we do not unwittingly use agencies that contradict each other with their messages, or that are inconsistent with, or are in complete opposition to the school's values and ethos.

Our school will assess the suitability and effectiveness of input from external agencies or individuals to ensure that:

- Any messages communicated to children are consistent with the ethos of the school and do not marginalise any communities, groups or individuals
- Any messages communicated to children do not seek to glorify criminal activity or violent extremism or seek to radicalise children through extreme or narrow views of faith, religion, culture or other ideologies
- Activities are properly embedded in the curriculum and clearly mapped to schemes of work to avoid contradictory messages or duplication

- Activities are matched to the needs of children

We recognise, however, that the ethos of our school is to encourage children to understand opposing views and ideologies, appropriate to their age, understanding and abilities, and to be able to actively engage with them in informed debate.

Specific systems outside of expected day to day classroom interaction and support will include:

- School/Student Council
- Guardian mentoring scheme
- PSHE events
- Safeguarding assemblies specific to the year group and / or cohort. For example: sharing of nudes, gang related incidents, abuse within intimate partner relationships
- Safeguarding information boards around the school
- PSHE and RSE programme in form time

The DSL will work with the Head of ICT and the PSHE leader to ensure a coordinated approach to whole school online safety and sexual violence / harassment. This is a personalised approach which recognises that 'one size may not fit all'. The school's police liaison officer endeavours to attend these events also. This includes, but is not limited to:

EPR:

Yr 7 Term 1: Online rights, responsibilities and opportunities.

Yr 7 Term 2: Online risks to mental health, danger of online grooming

Yr 7 Term 3: The similarities and differences between the online world and the physical world.

Yr 8 Term 1: Online responsibilities and rights. Different kinds of bullying – including cyber bullying

Yr 8 Term 2: The risks of online communication. What to do and where to get support to report material or manage issues online.

Yr 9 Term 2: The impact of viewing harmful online content. Distorted view of sex presented by porn/ negative impact of porn. The Law as regards sexting, long term impacts of sharing and receiving indecent images/ age of consent/ pornography. How online data is generated, collated, shared and used online.

ICT curriculum:

Year 7

- Students will understand how computer viruses are transmitted, how to recognise them and how they can reduce their risks of downloading them
 - Students will understand the importance of secure passwords. They will learn a technique to help them create strong and memorable passwords to protect their school work and online privacy.
 - Encourage students to think about what they post online and how they are perceived through the digital footprints they create every day of their lives.
 - Understand the effects that cyberbullying can have on somebody else
 - Understand what to do if they are ever cyberbullied by somebody.
- think about their own behaviours online and think about the impact that they might have on someone else

Year 8 & 9

e safety and how to keep personal data safe:

- Should use different passwords and Pins for different accounts
- Users should always log off immediately after using a site where personal data has been typed in.
- Only use websites that are recommended by a trusted source e.g. teacher.
- Use a search engine that has a filter to remove inappropriate content.
- Do not open any email attachments from a sender you do not recognise.
- Be very cautious when providing personal data.
- Be cautious about any pictures or opinions you post or send to other people.
- Do not become friends on social networking sites with people you don't know.
- Never arrange face to face meetings with a person that you meet online.
- Make sure you use the privacy control settings on all your accounts.
- Learn how to report and block any unwanted users.
- Don't use real name when using online games etc.

Cyber bullying

How to Keep safe?

Report abusive posts worst cases can face criminal prosecution.

Set strong passwords for all online accounts - mixture of letters (upper & lower case), numbers, symbols.

13 Our role in supporting children who are vulnerable and at risk through a child centred and coordinated approach

Our school recognise that while all children have a right to be safe some children may be more vulnerable to suffering abuse. We understand that no single person can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who encounters them at our school has a role to play in identifying concerns, sharing information and taking prompt action.

Our school recognises that children who are abused or witness violence may find it difficult to view their lives both in and out of school in a positive way. We will try to support pupils through:

- Providing a supportive and secure environment
- Listening to their views and concerns
- A consistent approach throughout the school community which supports all children
- Attend meetings relating to the children with other professionals and follow up actions that will result in better outcomes for the child and family
- Ensure our staff are trained appropriately to deal with children who may have been exposed to abusive situations

As part of our wider safeguarding responsibilities we will ensure our staff will be alert to:

- disclosures by pupils of their exposure to the extremist actions, views or materials of others outside of school, such as in their homes or community groups, especially where pupils have not actively sought these out;
- graffiti symbols, writing or artwork promoting extremist messages or images;
- pupils accessing extremist material on-line, including through social networking sites;
- parental reports of changes in behaviour, friendship or actions and requests for assistance;
- local schools, LA services and police reports of issues affecting pupils in other schools or settings;
- pupils voicing opinions drawn from extremist ideologies and narratives;
- use of extremist or 'hate' terms to exclude others or incite violence;

- intolerance of difference, whether secular or religious or, in line with our Single Equality Scheme,
- views based on, but not exclusive to, gender, disability, homophobia, race, colour or culture;
- attempts to impose extremist views or practices on others;
- anti-western or anti-British views.

13.1 Children who may require Early Help

Early help means providing support as soon as a problem emerges at any point in a child's life. In the first instance, staff should discuss early help requirements with the DSL.

Our school is committed to using the Early Help process to support children and their families and we will take on the role of Lead Practitioner where this is deemed to be appropriate. We have staff that are trained in delivering early help support and using the early help system. If we require an additional Early Help service for a family, we will complete an assessment.

All Staff (Governors and Volunteers) working within the School should be alert to the potential need for early help for children, considering following the procedures identified for initiating early help using the Sefton level of need document which can be found at https://seftonlscb.org.uk/assets/1/sefton_level_of_need_guidance_july_2021.pdf

The Locality Teams in Sefton are located across Family Well-being Centres. Our school has an Early Help Worker who is the single point of contact and they will offer support, advice and guidance to the school. The name of the Early Help worker linked to our school is Annie Quinn who is based at Waterloo Family Wellbeing Centre

Any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:

- Is disabled and has specific additional needs
- Has special educational needs (whether or not they have a statutory education, health and care plan)
- Is a young carer
- Is persistently absent from school
- Is at risk from exclusion
- Is not in education, training or employment after the age of 16 (NEET)
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- Is frequently missing/goes missing from care or from home
- Is misusing drugs or alcohol themselves
- Is at risk of modern slavery, trafficking or exploitation
- Is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse
- Has returned home to their family from care
- Is showing early signs of abuse and/or neglect
- Is at risk of being radicalised or exploited
- Is a privately fostered child

Knowing what to look out for is vital to the early identification of abuse and neglect. If staff are unsure, they should always speak to the DSL (or deputy). If in exceptional circumstances the DSL (or deputy) is not available, this should not delay appropriate action being taken. Staff should consider speaking to a member of the senior leadership team and/or take advice from children's social care. In these circumstances, any action taken should be shared with the DSL as soon as is practically possible.

The Early Help Process can be found in **(Appendix 10a)**

Knowing what to look out for is vital to the early identification of abuse and neglect. If staff are unsure, they should always speak to the DSL (or deputy). If in exceptional circumstances the DSL (or deputy) is not available, this should not delay appropriate action being taken. Staff should consider speaking to a member of the senior leadership team and/or take advice from children's social care. In these circumstances, any action taken should be shared with the DSL as soon as is practically possible.

13.2 Children in need with a Social Worker

A child in need is defined under the Children Act 1989 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. Children in need may be assessed under section 17 of the Children Act 1989.

Children may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL, leadership team and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a child has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the child's safety and welfare. Our school are committed to maintaining a culture of high aspirations for this cohort to ensure the children reach their potential, recognising that even when statutory social care intervention has ended, there is still a lasting impact on children's educational outcomes.

Our school will respond to unauthorised absence or missing education where there are known safeguarding risks by working in partnership with Sefton Council and participating in the first day response system. Our school will hold at least **two** contact numbers for every child.

13.3 Looked After Children and Previously Looked After Children

At St Mary's College we will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. Our DSL has details of all the children's social workers and Virtual Heads. Appropriate staff in school have relevant information about looked after children's legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements.

Our school has a Designated Teacher who has lead responsibility. They have lead responsibility for helping school staff understand the things which affect how looked-after children learn and achieve. Statutory guidance on their roles and responsibilities (Feb 2018) is https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/683561/The_designated_teacher_for_looked-after_and_previously_looked-after_children.pdf

As part of their role, the designated teacher will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to

- Work with virtual school heads to promote the high expectations and aspirations of how looked after children learn. They are responsible for the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans, including prioritising one-to-one tuition arrangements and working with carers to understand the importance of supporting learning at home

Members of staff employed in the Virtual School are detailed below

Mary Palin	Acting Virtual Principal	Mary.palin@sefton.gov.uk 07929 769289
Lee Murphy	Education Co-Ordinator	Lee.Murphy@sefton.gov.uk 07815 711400
Susan Flynn	Education Co-ordinator	susan.flynn@sefton.gov.uk 07815 711403
Gemma Stevenson	Family Intervention Worker Responsible for Attendance	Gemma.stevenson@sefton.gov.uk 07870 533265
Cristina Brett	Education Co-Ordinator	Cristina.brett@sefton.gov.uk 07816115535
Alison Larkin	Virtual School Support Officer	Alison.larkin@sefton.gov.uk 07929 769285

13.4 Children requiring support with their mental health

There will be occasions when children in our school struggle with mental health issues resulting in low mood or self-harm. If a member of staff notices a child in a low mood they should speak with the relevant professional in the school. This will be the Head of Year, DSL or Deputy DSL. They should report concerns in the same way, in writing and immediately. Should there be any signs that child is at risk or that there is a threat or has been self-harm, this should be reported to the DSL. Children will be monitored, and if needed a referral should be made to the MASH. If parents can keep the child safe, they should be contacted and advised to seek medical advice from their GP/A&E.

The child will be provided with support in school through the pastoral care systems and external agencies. Should the child pose significant risk in school, a risk assessment may be put in place to ensure the child is safe. These will be sent to staff on a termly basis following a review or as required. If a new case comes along staff **must** follow the risk assessments.

Our school recognise the COVID 19 pandemic may have affected our children's mental health and wellbeing. The Government has issued guidance for parents and carers in relation to children and young people's mental health and well-being. This can be found at:

<https://www.gov.uk/government/publications/covid-19-guidance-on-supporting-children-and-young-peoples-mental-health-and-wellbeing/guidance-for-parents-and-carers-on-supporting-children-and-young-peoples-mental-health-and-wellbeing-during-the-coronavirus-covid-19-outbreak>

Warning signs may include:

- Severe behaviour problems
- Persistent or severe anxiety
- Feelings of sadness that dominate and interfere with the pupil's life
- Persistent and severe inattentiveness or impulsiveness
- Worries about weight that dominate the pupil's life
- Unusual eating patterns
- Substance misuse
- Self-harm (for example, overdosing, hitting, cutting or burning oneself)

Risk factors

Certain individuals and groups are more at risk of developing mental health problems, these include, but are not limited to:

- Looked after children
- Children with learning difficulties
- Children on the autism spectrum
- Children from disadvantaged backgrounds

There are also risk factors within the family such as abuse, bereavement, and parental psychiatric illness. You should also be mindful of risks within the school environment such as bullying, poor relationships and discrimination and mental health problems can be a sign or indicator of abuse, neglect or exploitation.

Our school address emotional and mental health by providing pastoral support and access to the school nurse and other relevant agencies.

We address emotional mental health and well – being by utilising resources that include:

- Mental health toolkit for schools, Anna Freud National Centre for Children and Families (Adobe pdf file)
<http://www.annafreud.org/media/4612/mwb-toolki-final-draft-4.pdf>
- MindED (a free educational resource for children and young people's mental health)
<https://www.minded.org.uk/>
- A guide to mental health services in England, NHS
<http://www.nhs.uk/NHSEngland/AboutNHSservices/mental-health-services-explained/Pages/about-childrens-mental-health-services.aspx>

Our school work very closely with the CAMHS service who can be contacted on 0151 282 4527.

All contact details to mental health services are displayed on the safeguarding boards around college.

Kooth in Sefton

Kooth is an online counselling and emotional well-being platform for children and young people, accessible through mobile, tablet and desktop and is free at the point of use. Kooth is an early intervention resource which targets improvements in young people's emotional and mental wellbeing.

Online support will address a wide range of health and wellbeing issues such as relationships, bullying, self-harm, suicide, loneliness, self-confidence, self-esteem, pregnancy, abuse, bereavement, anger and risk-taking behaviours, although this list is not exhaustive.

Young people aged 11 to 19 will self-refer into the service 24 hours a day, seven days a week, 365 days a year, although only dedicated counsellor hours will be provided. Outside counselling hours, young people will be able to access such features as online articles, forums and message boards. The online facility must be compatible with mobile media devices.

<https://xenzone.com/free-online-counselling-sefton/>

13.5 Children with SEN/Disabilities / Health conditions

Children with special educational needs or disabilities (SEND) or certain health conditions can face additional safeguarding challenges. Governing bodies and proprietors should ensure their child protection policy reflects the fact that additional barriers can exist when recognising abuse and neglect in this group of children. These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration;
- Children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils;
- The potential for children with SEN, disabilities or certain health conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs;
- Communication barriers and difficulties in managing or reporting these challenges

13.6 Contextual Safeguarding – (Extra Familial Harm)

We recognise safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside the school. All staff, especially the DSL (or deputy), should be considering the context within which such incidents and/or behaviours occur. Assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. It is important that staff provide as much information as possible as part of the referral process. Additional information regarding contextual safeguarding can be found here:

<https://contextualsafeguarding.org.uk/assets/documents/Contextual-Safeguarding-Briefing.pdf>

13.7 Children who live in Private Fostering arrangements

Many adults find themselves looking after someone else's child without realising that they may be involved in private fostering. A private fostering arrangement is one that is made privately (without the involvement of a local authority, for the care of a child under the age of 16 or under 18 if disabled), by someone other than a parent or immediate relative. If the arrangement is to last, or has lasted, for 28 days or more, it is categorised as private fostering. The Children Act 1989 defines an immediate relative as a grandparent, brother, sister, uncle or aunt (whether of full blood or half

blood or by marriage or civil partnership), or a step parent. People become involved in private fostering for all kinds of reasons Examples of private fostering include:

- Children who need alternative care because of parental illness
- Children whose parents cannot care for them because their work or study involves long or antisocial hours
- Children sent from abroad to stay with another family, usually to improve their educational opportunities
- Unaccompanied asylum seeking and refugee children
- Teenagers who stay with friends (or other non-relatives) because they have fallen out with their parents
- Children staying with families while attending a school away from their home area

Our school will fulfil the mandatory duty to inform Sefton MASH Team of a private fostering arrangement - this is done by contacting Sefton MASH. A Social Worker will undertake:

- An assessment of the needs of the child, and consider whether there is any help that should be provided
- Check that private fostering carers are suitable people to care for children, and that the accommodation where children will be cared for is adequate
- Decide whether the private fostering arrangements are satisfactory and can go ahead;
- Visit children who are privately fostered to ensure their needs are met, and they are being properly looked after

14 Recognising and identifying abuse, neglect and significant harm

To ensure that our children are protected from harm, we need to understand what types of behaviour constitute abuse and neglect.

Abuse is defined as a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or another child or children. Types of child abuse as defined in 'Working Together to Safeguard Children' (2018) **Appendix 4 - Definitions of abuse and indicators**

14.1 Physical abuse

A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

14.2 Emotional abuse

The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of

children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

14.3 Sexual Abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue.

14.4 Neglect

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy because of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs. **If our school suspect a child may be experiencing neglect, we will use the neglect screening tool to identify areas of concern.**

15 Specific Safeguarding Issues

15.1 Sharing of nudes and semi nudes (Children will be informed about the policy)

If staff are made aware of an incident involving the consensual or non-consensual sharing of nude or semi-nude images/videos (also known as 'sexting' or 'youth produced sexual imagery'), they must report it to the DSL immediately.

We will **not**:

- View, copy, print, share, store or save the imagery yourself, or ask a child to share or download it (if a member of staff have already viewed the imagery by accident, you must report this to the DSL)
- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

Staff will explain that you need to report the incident and reassure the pupil(s) that they will receive support. The following is used as a model for our response and the St Mary's response is detailed after:

Initial Review Meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This may include the staff member who reported the incident and the safeguarding or

leadership team that deals with safeguarding concerns. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to child(ren)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- What further information is required to decide the most appropriate response?
- Whether the image(s) has been shared widely and via what services and/or platforms. (this may be unknown)
- Whether immediate action should be taken to delete or remove images or videos from devices or online services.
- Any relevant facts about the children involved which would influence risk assessment.
- If there is a need to contact another school, college, setting or individual.
- Whether to contact parents or carers of the children involved. In most cases we will contact parents/carers.

The DSL will make an immediate referral to Police and/or Children's Social Care if:

- The incident involves an adult.
- There is reason to believe that a child has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent. (for example, owing to special educational needs)
- What the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage or are violent.
- The imagery involves sexual acts and any child in the images or videos is under 13.
- The DSL has reason to believe a child is at immediate risk of harm owing to the sharing of nudes and semi-nudes (for example, the child is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the Principal and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care. The decision will be made and recorded in line with the procedures set out in this policy.

Further Review by the DSL

If at the initial review stage, a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review to establish the facts and assess the risks. This may involve: -

Holding interviews with the children involved (if appropriate). If at any point in the process there is a concern that a child has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing Parents/Carers

The DSL will inform parents/carers at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the child at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done through [insert details of your existing arrangements, e.g. a Safer School's Officer, Police Community Support Officer, Local Neighbourhood Police, dialing 101].

Recording incidents

All incidents of sharing of nudes and semi-nudes, and the decisions made in responding to them, will be recorded in the a safeguarding file using the sexual violence / harassment recording sheet and on the centralised electronic log.

At St Mary's College, when considering appropriate action regarding sexting, the DSL will take the age of the child involved and the context into account. Children under 13 are given extra protection from sexual abuse. The law makes it clear that sexual activity with a child under 13 is never acceptable and that children of this age can never legally give consent to engage in sexual activity. Any situations involving pupils in this school and sexting will be taken seriously as potentially being indicative of a wider child protection concern or as being problematic sexual behaviour.

Any direct disclosure by a pupil (male or female) will be taken very seriously. A child who discloses they are the subject of sexual imagery is likely to be embarrassed and worried about the consequences. It is likely that disclosure in school is a last resort and they may have already tried to resolve the issue themselves. When an incident involving sexting comes to a school's attention the following steps will be taken:

STEP 1: Disclosure by a child

Our schools safeguarding procedures will be followed if a child makes a disclosure relating to sexting. A child is likely to be very distressed, especially if the image has been circulated widely and if they don't know who has shared it, seen it or where it has ended up. They will need support during the disclosure and after the event. They may even need immediate protection or a referral to the (MASH). In all cases, the DSL will be informed as soon as possible.

The following questions will help decide upon the best course of action:

- Is the child disclosing about themselves receiving an image, sending an image or sharing an image?
- What sort of image is it? Is it potentially illegal or is it inappropriate?
- How widely has the image been shared and is the device in their possession?
- Is it a school device or a personal device?
- Does the child need immediate support and/or protection?
- Are there other children and/or young people involved?
- Does the child know where the image has ended up?

STEP 2: Searching a device – what are the rules?

A device can be examined, confiscated and securely stored if there is reason to believe it contains indecent images or extreme pornography. The device will not be searched if this will cause additional stress to the child whose image has been distributed. Where a decision is taken to search the device, the following conditions will apply:

- The search will be conducted by the Head teacher or a person authorised by them. No other member of staff will search a device
- The DSL or a deputy will be present
- The search will be conducted by a member of the same sex
- A record will be kept of the incident

We will never:

- search a mobile device even in response to an allegation or disclosure if this is likely to cause additional stress to the young person UNLESS there is clear evidence to suggest that there is an immediate problem
- print out any material for evidence
- move any material from one storage device to another

If there is an indecent image of a child on a website or social networking site, the image will be reported to the site hosting it. In this event, we will follow the reporting procedures on the respective website. However, in the case of a sexting incident involving a young person where it is felt that they may be at risk of abuse, we will report the incident directly to CEOP (www.ceop.police.uk/ceop-

report). This organisation can then expedite the case with the relevant provider and ensure that appropriate action is taken to safeguard the child.

STEP 3 - What we will or will not do with the image.

If the image has been shared across a personal mobile device, we will confiscate and secure the device(s).

We will never:

- view the image, unless there is a clear reason to do so (see above)
- send, share, copy or save the image anywhere
- allow children to do any of the above

If the image has been shared across a school network, a website or a social network we will block the network to all users and isolate the image.

STEP 4 - Who will deal with the incident?

Whoever the initial disclosure is made to will inform the DSL or deputy DSL as soon as possible. The DSL will record the incident using the school's Concern Record Form. There may be instances where the image needs to be viewed and this will be done in accordance with the information outlined above. Acting in the **best interests** of the child will always come first.

STEP 5 - Deciding on a response

There may be a multitude of reasons why a child has engaged in sexting – it may be a romantic/sexual exploration scenario or it may be due to coercion. It is important to remember that it won't always be appropriate to inform the police; this will depend on the nature of the incident. However, as a school, we will ensure that incidents are consistently recorded. It may also be necessary to assist the child in removing the image from a website or elsewhere.

We will always:

- store the device securely;
- carry out a risk assessment in relation to the child;
- inform the parents about the incident and how it is being managed unless there is good reason to believe that involving parents would put the child at risk of harm;
- contact the police (if appropriate);
- put the necessary safeguards in place for the child, e.g. they may need an early help assessment, counselling support or immediate protection.

STEP 6 - Contacting other agencies (making a referral) An immediate referral will be made to the police and the MASH in the following circumstances:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example, owing to special educational needs).
- The imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent.
- The imagery involves sexual acts and any pupil in the imagery is under 13.
- There is reason to believe a young person is at immediate risk of harm owing to the sharing of the imagery, for example, the young person is presenting as suicidal or self-harming

If none of the above applies, the school may choose to deal with the incident without involving the police or social care. This will usually be the case where the Designated Safeguarding Lead is confident that they have enough information to assess the risks to the pupils involved and the risks can be managed within the school pastoral support and disciplinary framework. All decisions and rationale for decision making will be recorded. All decisions will be based on the best interests of the child/ren.

All incidents will be recorded. The school will pay due regard to the Department for Education guidance: Searching, Screening and Confiscation advice 2018 which can be found at https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/674416/Searching_screening_and_confiscation.pdf

Addressing nudes and semi -nudes through the curriculum

Children in our school are taught about the issues surrounding the sharing of nudes and semi-nudes as part of our EPR, PSHE, DSL assemblies and computing programmes. Teaching covers the following in relation to the sharing of nudes and semi-nudes:

- What it is.
- How it is most likely to be encountered.
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive and when it may be deemed as online sexual harassment.
- Issues of legality.
- The risk of damage to people's feelings and reputation.
- Children also learn the strategies and skills needed to manage.
- Specific requests or pressure to provide (or forward) such images.
- The receipt of such images.

The DSL will work with the Head of ICT and the PSHE leader to ensure a coordinated approach to whole school online safety and sexual violence / harassment. This is a personalised approach which recognises that 'one size may not fit all'. The school's police liaison officer endeavours to attend these events also. This includes, but is not limited to:

EPR:

- **Yr 7 Term 1:** Online rights, responsibilities and opportunities.
- **Yr 7 Term 2:** Online risks to mental health, danger of online grooming
- **Yr 7 Term 3:** The similarities and differences between the online world and the physical world.

- **Yr 8 Term 1:** Online responsibilities and rights. Different kinds of bullying – including cyber bullying
- **Yr 8 Term 2:** The risks of online communication. What to do and where to get support to report material or manage issues online.

- **Yr 9 Term 2:** The impact of viewing harmful online content. Distorted view of sex presented by porn/ negative impact of porn. The Law as regards sexting, long term impacts of sharing and receiving indecent images/ age of consent/ pornography. How online data is generated, collated, shared and used online.

ICT curriculum:

- **Year 7**
- - Students will understand how computer viruses are transmitted, how to recognise them and how they can reduce their risks of downloading them
- - Students will understand the importance of secure passwords. They will learn a technique to help them create strong and memorable passwords to protect their school work and online privacy.
- - Encourage students to think about what they post online and how they are perceived through the digital footprints they create every day of their lives.
- - Understand the effects that cyberbullying can have on somebody else
- - Understand what to do if they are ever cyberbullied by somebody.

- think about their own behaviours online and think about the impact that they might have on someone else

Year 8 & 9

- e safety and how to keep personal data safe:
- - Should use different passwords and Pins for different accounts
- - Users should always log off immediately after using a site where personal data has been typed in.
- - Only use websites that are recommended by a trusted source e.g. teacher.
- - Use a search engine that has a filter to remove inappropriate content.
- - Do not open any email attachments from a sender you do not recognise.
- - Be very cautious when providing personal data.
- - Be cautious about any pictures or opinions you post or send to other people.
- - Do not become friends on social networking sites with people you don't know.
- - Never arrange face to face meetings with a person that you meet online.
- - Make sure you use the privacy control settings on all your accounts.
- - Learn how to report and block any unwanted users.
- - Don't use real name when using online games etc.

Cyber bullying

- How to Keep safe?
- Report abusive posts worst cases can face criminal prosecution.
- Set strong passwords for all online accounts - mixture of letters (upper & lower case), numbers, symbols.

Advice and guidance can be located at: <https://www.gov.uk/government/publications/sharing-nudes-and-semi-nudes-advice-for-education-settings-working-with-children-and-young-people/sharing-nudes-and-semi-nudes-advice-for-education-settings-working-with-children-and-young-people>

The NSPCC also provide support if children have been sharing nudes and semi nudes (sexting) <https://learning.nspcc.org.uk/research-resources/briefings/sexting-advice-professionals>

15.2 Online safety and the use of mobile technology and cameras

We recognise that our children are growing up in an increasingly complex world, living their lives on and offline. This presents many positive and exciting opportunities, but we recognise it also presents challenges and risks. We want to equip our pupils with the knowledge needed to make the best use of the internet and technology in a safe, considered and respectful way, so they can reap the benefits of the online world. Advice about teaching online safety can be found at:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/811796/Teaching_online_safety_in_school.pdf

There are four categories of risk:

- **Content:** being exposed to illegal, inappropriate or harmful material, for example, pornography, fake news, racist or radical and extremist views
- **Contact:** being exposed to harmful online interaction with other users, for example, commercial advertising as well as adults posing as children or young adults; and
- **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm, for example, making, sending and receiving explicit images, or online bullying
- **Commerce:** risks such as online gambling, inappropriate advertising, phishing and or financial scams

Our school will:

- Undertake an annual review of online safety to identify any risks that the school community may be exposed to.
- Ensure staff receive training as part of their induction on using the internet safely and online safeguarding issues, including cyberbullying and the risks of online radicalisation. **There will be an annual refresher training session.**
- Educate the whole school community in its safe and responsible use of technology including mobile/smart phones.
- Ensure they have the appropriate level of security protection procedures in place, in order to safeguard their systems, staff and learners and review the effectiveness of these procedures periodically to keep up with evolving **cyber-crime** technologies.
- Ensure that appropriate filtering and monitoring systems are in place to safeguard children and young people from potentially harmful and inappropriate online material. The use of filters is routinely monitored and updated by the Network Manager and any breaches dealt with in accordance with school procedures.
- Ensure staff have understood and agreed to the SMC Wi-Fi Acceptable use policy
- Ensure that appropriate filtering and monitoring systems are in place to safeguard children and young people from potentially harmful and inappropriate online material. The use of filters is routinely monitored and updated by Andrew Davis the Network Manager and any breaches dealt with in accordance with school procedures. These include: Watchguard Firewall, iBoss Internet monitoring, Sophos Anti-Virus, Microsoft File Server Monitoring, and Email monitoring, as set out in the SMC IT Systems Monitoring and Protection Document. Both iBoss and Watchguard are externally audited on an annual basis.
- Acknowledge that whilst filtering and monitoring is an important part of schools online safety responsibilities, it is only one part of our role. Children and adults may have access to systems external to the school control, such as mobile phones and other internet enabled devices and technology 3 & 4 G data. This is addressed with parents during information evenings and with pupils through the PSHE curriculum.
- Be careful to ensure that these systems do not place unreasonable restrictions on internet access or limit what children can be taught with regards to online teaching and safeguarding.
- Ensure a comprehensive whole school curriculum response is in place to enable all children to learn about and manage online risks effectively and will support parents and the wider school community (including all members of staff) to become aware and alert to the need to keep children safe online.
- Ensure all members of the school community are aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology.
- Ensure the governing body has had due regard to the additional information and support set out in **KCSIE (2021) Annex D** and will ensure that the school has a whole school approach to online safety and has a clear policy on use of communications technology in school.
- Guidance supporting schools to teach their children how to stay safe online, within new and existing school subjects can be found at:
<https://www.gov.uk/government/publications/teaching-online-safety-in-schools>
- Ensure staff, children and parents are aware that staff have the power to search children's' phones.
https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/674416/Searching_screening_and_confiscation.pdf

Staff can bring their personal phones to school for their own use but will limit such use to non-contact time when children are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with pupils. Staff will not take pictures or recordings of children on their personal phones or cameras. We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

Advice for how to handle online safety concerns can also be sought from the Cyber Crime Team at Merseyside Police:

- Digital Police Community Support Officer Caroline Roberts
Caroline.Roberts@merseyside.police.uk - 01517772673
- Cyber Prevent Officer Jayne Birch - Jayne.Birch@merseyside.police.uk - 01517772894
- Cyber Protect Officer Stephen Sung - Stephen.Sung@merseyside.police.uk – 01517775606

The DSL will work with the Head of ICT and the PSHE leader to ensure a coordinated approach to whole school online safety and sexual violence / harassment. This is a personalised approach which recognises that 'one size may not fit all'. The school's police liaison officer endeavours to attend these events also. This includes, but is not limited to:

EPR:

Yr 7 Term 1: Online rights, responsibilities and opportunities.

Yr 7 Term 2: Online risks to mental health, danger of online grooming

Yr 7 Term 3: The similarities and differences between the online world and the physical world.

Yr 8 Term 1: Online responsibilities and rights. Different kinds of bullying – including cyber bullying

Yr 8 Term 2: The risks of online communication. What to do and where to get support to report material or manage issues online.

Yr 9 Term 2: The impact of viewing harmful online content. Distorted view of sex presented by porn/ negative impact of porn. The Law as regards sexting, long term impacts of sharing and receiving indecent images/ age of consent/ pornography. How online data is generated, collated, shared and used online.

ICT curriculum:

Year 7

- Students will understand how computer viruses are transmitted, how to recognise them and how they can reduce their risks of downloading them
 - Students will understand the importance of secure passwords. They will learn a technique to help them create strong and memorable passwords to protect their school work and online privacy.
 - Encourage students to think about what they post online and how they are perceived through the digital footprints they create every day of their lives.

- Make sure you use the privacy control settings on all your accounts.
- Learn how to report and block any unwanted users.
- Don't use real name when using online games etc.

Cyber bullying

How to Keep safe?

Report abusive posts worst cases can face criminal prosecution.

Set strong passwords for all online accounts - mixture of letters (upper & lower case), numbers, symbols.

15.3 Remote learning and safeguarding

If children are being asked to learn online at home, for example because of the coronavirus pandemic, schools and colleges should follow advice from the DfE on [safeguarding and remote education \(DfE, 2021b\)](#).

Where children are remote learning and the DSL has identified a child to be vulnerable, on the edge of social care support, or who would normally receive pastoral-type support in school, they should ensure that a robust communication plan is in place for that child or young person. The communication plans can include remote contact, phone contact, door-step visits. Details of this plan and any contacts must be recorded.

If children are open to social care, we will report to Sefton Council through the School Attendance First Day Response Scheme. We will also inform the child's allocated social worker.

15.4 Children missing education

A child going missing from education is a potential indicator of abuse or neglect. All staff should be aware that children going missing from education, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may include sexual abuse or exploitation and child criminal exploitation. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

Our attendance procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, we will:

The member of staff who has noticed the missing pupil will inform the Principal immediately.

The office staff will also be informed as they will act as a point of contact for receiving information regarding the search.

A member of staff will stay with the rest of the class, and all other available members of staff will conduct a thorough search of the school premises as directed by the Principal.

The following areas will be systematically searched:

All classrooms

All toilets

Changing rooms

The library

Any outbuildings

The school grounds

Available staff will begin a search of the area immediately outside of the school premises, and will take a mobile phone with them so they can be contacted.

If the pupil has not been found after 30 minutes, then the parents of the pupil will be notified.

The school will attempt to contact parents using the emergency contacts provided.

If the parents have had no contact from the pupil, and the list has been exhausted, then the police will be contacted.

The missing pupil's teacher will fill in an incident form, describing all circumstances leading up to the pupil going missing.

If the missing pupil has an allocated social worker, is a LAC, or has SEND, then the appropriate personnel will be informed.

When the pupil has been located, a designated member of staff will care for and talk to the pupil to ensure they are safe and well.

The Principal will take the appropriate action to ensure the pupil understands they must not leave the premises, and sanctions will be issued if deemed necessary.

Parents and any other agencies will be informed immediately when the pupil has been located.

The Principal will carry out a full investigation, and will draw a conclusion as to how the incident occurred.

Appropriate disciplinary procedures are followed in accordance with the Behaviour Policy.

A written report will be produced and policies and procedures will be reviewed in accordance with the outcome.

*Our school will hold at least **two** contact numbers for every child. These will be used as part of the First Day Calling process. It is good practice to give our school additional options to make contact with a responsible adult when a child missing education, is also identified as a welfare and/or safeguarding concern.*

Our school will hold at least **two** contact numbers for every child. These will be used as part of the First Day Calling process. It is good practice to give our school additional options to contact a responsible adult when a child missing education, is also identified as a welfare and/or safeguarding concern. If a child has been identified as missing we will put in a safety plan.

Notifying the Local Authority

Our school notify the Local Authority of any child who fails to attend school regularly after making reasonable enquiries or has been absent without the school's permission for a continuous period of 10 days or more. The school (regardless of designation) must also notify the Local Authority of any child who is to be deleted from the admission register.

Our school will demonstrate that we have taken reasonable enquiries to ascertain the whereabouts of children that would be considered missing from education.

Where a child leaves the school without a destination or another school is not identified, our school follow Sefton Council Children Missing Education Procedures and they can be found at:

[https://www.sefton.gov.uk/schools-learning/attendance-and-welfare/children-missing-education-\(cme\).aspx](https://www.sefton.gov.uk/schools-learning/attendance-and-welfare/children-missing-education-(cme).aspx). The school will liaise with Carole Blundell the Children Missing Education Co-ordinator who can be contacted on 0151 934 3181 or carole.blundell@sefton.gov.uk

For our children who receive an education at another establishment but remain on our roll we will keep in touch on a regular basis with the alternative provision and will continue to monitor the attendance. (please add in how the school will undertake this)

Children who are on a managed move supported by the in- year fair access/transfer protocol

Our school will work with the receiving school to monitor attendance. We will attend all the reviews and if the decision is taken for the child to return, we will ensure they are fully supported. (please add information relevant to your school)

Elective Home Education

If a parent/carer has expressed an intention to remove their child from our school roll to be home educated. We will work together with key professionals including the Complementary Education Service to coordinate a meeting with the parent or carer to discuss the reasons and options. This is particularly important if a child has special educational needs and disabilities (SEND), is vulnerable or has a social worker.

Non-collection of children

If a child is not collected at the end of the session/day, we will contact their parents or another emergency contact. Staff will look after the child until such times as they are picked up. This will be recorded on the pupil file.

15.5 Missing: Children who run away or go missing from home or care

The school/college recognises that children who run away or go missing - and are thus absent from their normal residence - are potentially vulnerable to abuse, exploitation, offending and placing themselves in situations where they may suffer physical harm.

Keeping Children Safe in Education 2021 highlights that 'Statutory Guidance on Children who Run Away or go Missing from Home or Care' requires that every child or young person who runs away or goes missing must be offered a Return Home Interview (RHI) within a period of 72 hours of their return.

RHI's are intended to ascertain the factors that triggered the young person's absence. Those factors may include difficulties at home, in school and in the community. The short timescale of 72 hours is

imposed in order to ensure that the RHI remains relevant to the young person and enables any required action to be initiated at the earliest opportunity. RHI's are undertaken by professionals who are independent in order to facilitate a discussion with the young person that is as open as possible.

As soon as the Local Authority receives notification that a young person has gone missing from home or care, contact will be made with parents/carers seeking their consent to a RHI with their son/daughter. Direct contact will then be made with parents/carers and the young person to make arrangements for the interview.

In order to fulfil the timescale of within 72 hours, it is essential that all opportunities to interview young people including times during the school/college day are utilised. When necessary and in conjunction with the Local Authority, the school/college will facilitate RHIs, both in terms of releasing the young person from their normal timetable to participate in an interview and in providing an appropriate and safe space on the school/college site for the interview to take place.

The school/college will check with the Local Authority whether or not parents/carers have given their consent to the interview. However, young people aged 16 and 17 years old are generally considered to be able to consent and withhold consent to their own information being shared and therefore to participate in a RHI or not.

With reference to the Fraser Guidelines, younger children may also be deemed able to consent. If the Local Authority has not received consent from parents/carers and the young person is not assessed as being capable of giving or withholding informed consent, the school/college will contact the parent/carer and seek to secure their consent. Parents/carers may also choose to accompany their son/daughter in interviews and the school/college will facilitate that as appropriate.

15.6 Domestic Abuse

Domestic abuse as defined under the DA Act 2021 is:

Behaviour of a person (A) towards another person (B) is “domestic abuse” if:

A and B are each aged 16 or over and are personally connected to each other, and the behaviour is abusive. The Act says behaviour is “abusive” if it consists of any of the following:

- physical or sexual abuse
- violent or threatening behaviour
- controlling or coercive behaviour
- economic abuse
- psychological, emotional or other abuse

It does not matter whether the behaviour consists of a single incident or a course of conduct. The Act recognises impact of DA on children as victims in own right, if they see, hear or experience effects of abuse. Experiencing domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children.

Types of domestic abuse include **intimate partner violence, abuse by family members, teenage relationship abuse and child/adolescent to parent violence and abuse.**

Teenage Relationship Abuse is when there is actual or threatened abuse within a romantic relationship or a former relationship. One partner will try to maintain power and control over the other. This abuse can take many forms: physical, sexual, financial, emotional or social. This includes coercive and controlling behaviour.

In Sefton, we have many agencies who support people who are experiencing domestic abuse:

- **Sefton Independent Domestic Violence Advisors [IDVA]**- they offer free crisis intervention support to high risk victims of domestic abuse, provide practical help including safety planning for the whole family, support through the Criminal Justice System, and home security checks. They work with male and female victims aged 16+ and work with victims even if they choose to remain in their relationship. They can be contacted by phone on 0151 934 5142 between Monday and Friday 9.00am until 5.00pm or at IDVA.Team@sefton.gov.uk
- **Sefton Women & Children’s Aid [SWACA]** – they help women, young people and children survive the impact of domestic violence and abuse by giving free practical and emotional support. SWACA will see people in the community, including the family and well-being centres. They also work with young people who are experiencing relationship abuse. They can be contacted on 0151 922 8606 or help@swaca.com
- **Rape and Sexual Abuse Centre (RASA)**- they provide **essential** crisis and therapeutic support to individuals of all ages who have been affected by sexual violence at any time in their lives. This includes specialised counselling, support and an Independent Sexual Violence Advocacy (ISVA) service, which includes support through the Criminal Justice process. They also provide an opportunity to give anonymous intelligence in relation to sexual violence if an individual does not want to make a formal complaint. They operate a help line on Tuesdays and Thursdays 6pm until 8pm, Friday 12noon until 2pm, Sunday 10am until 3pm. They can be contacted on 0151 558 1801 or sefton@rasamerseyside.org
- **Operation Encompass Scheme**- Sefton in partnership with Merseyside Police are part of the Operation Encompass Scheme. As an Operation Encompass school, we are alert to the indicators of abuse, and we have a planned approach to supporting children in a proactive way.

- Other advice on identifying children who are affected by domestic abuse and how they can be helped is available at: <https://www.sefton.gov.uk/advice-benefits/crime-and-emergencies/domestic-abuse.aspx>
- [NSPCC-UK domestic-abuse signs symptoms effects](#)
- [Refuge what is domestic violence/effects of domestic violence on children](#)
- [Safelives: young people and domestic abuse](#)
- Disrespect Nobody <https://www.disrespectnobody.co.uk/relationship-abuse/what-is-relationship-abuse/>

15.7 Child Sexual Exploitation (CSE)

Child Sexual Exploitation is a form of sexual abuse. It occurs when an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. CSE does not always involve physical contact: it can also occur through technology. Like all forms of child sex abuse, CSE can:

- Affect any child or young person (male or female) under the age of 18 years, including 16- and 17-year olds who can legally consent to have sex
- Still be abused even if the sexual activity appears consensual
- Include both contact (penetrative and non-penetrative acts) and non-contact sexual activity
- Take place in person or via technology, or a combination of both
- Involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence
- Occur without the child or young person's immediate knowledge (e.g. through others copying Videos or images they have created and posted on social media)
- Be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse; and
- Be typified by some form of power imbalance in favour of those perpetrating the abuse. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources.

Some of the following signs may be indicators of Child Sexual Exploitation:

- Children who appear with unexplained gifts or new possessions
- Children who associate with other children and young people involved in exploitation
- Children who have older boyfriends or girlfriends
- Children who suffer from sexually transmitted infections or become pregnant
- Children who suffer from changes in emotional well-being
- Children who misuse drugs and alcohol
- Children who go missing for periods of time or regularly come home late; and
- Children who regularly miss school or education or do not take part in education

15.8 Child Criminal Exploitation (CCE)

Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing. They can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

Children can become trapped by this type of exploitation as perpetrators can threaten victims (and their families) with violence or entrap and coerce them into debt. They may be coerced into carrying weapons such as knives or begin to carry a knife for a sense of protection from harm from others. As children involved in criminal exploitation often commit crimes themselves, their vulnerability as victims is not always recognised by adults and professionals, (particularly older children), and they are not treated as victims despite the harm they have experienced. They may still have been criminally exploited even if the activity appears to be something they have agreed or consented to. It is important to note that the experience of girls who are criminally exploited can be very different to that of boys. The indicators may not be the same, however professionals should be aware that girls are at risk of CCE too. It is also important to note that both boys and girls being criminally exploited may be at higher risk of sexual exploitation.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

Child Criminal Exploitation (CCE) – County lines

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs. Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years
- can affect any vulnerable adult over the age of 18 years
- can still be exploitation even if the activity appears consensual
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence
- can be perpetrated by individuals or groups, males or females, and young people or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors, including gender, cognitive ability, physical strength, status, and access to economic or other resources

Some additional specific indicators that may be present where a child is criminally exploited through involvement in county lines are children who:

- Go missing and are subsequently found in areas away from their home
- Have been the victim or perpetrator of serious violence (e.g. knife crime)
- are involved in receiving requests for drugs via a phone line, moving drugs, handing over and collecting money for drugs
- Are exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection

- Are found in accommodation that they have no connection with, often called a ‘trap house or cuckooing’ or hotel room where there is drug activity
- Owe a ‘debt bond’ to their exploiters
- Have their bank accounts used to facilitate have their bank accounts used to facilitate drug dealing

If a member of staff suspects CCE, including County Line involvement, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority’s children’s social care team and the police, if appropriate. If the potential victim is under 18 a National Referral Mechanism (NRM) referral should be considered. This is usually undertaken by the Police or Local Authority.

Further advice on this issue may be found in the Home Office document ‘Criminal exploitation of children and vulnerable adults: county lines.

<https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines>

15.9 Serious Violence

Indicators which may signal that a child is at risk from, or involved with, serious violent crime may include:

- Increased absence from school
- Change in friendships or relationships with older individuals or groups
- Significant decline in performance
- Signs of self-harm or a significant change in wellbeing
- Signs of assault or unexplained injuries
- Unexplained gifts or new possessions (this could indicate that the child has been approached by, or is involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation (see above))

Risk factors which increase the likelihood of involvement in serious violence include:

- Being male
- Having been frequently absent or permanently excluded from school
- Having experienced child maltreatment
- Having been involved in offending, such as theft or robbery

Staff will be aware of these indicators and risk factors. If a member of staff has a concern about a pupil being involved in, or at risk of serious violence, they will report this to the DSL.

Abuse and Exploitation can:

- Affect any child or young person (male or female) under the age of 18 years
- Affect any vulnerable adult over the age of 18 years
- Still be exploitation even if the activity appears consensual
- Involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence
- Be perpetrated by individuals or groups, males or females, and children, young people or adults; and
- Be typified by some form of power imbalance in favour of those perpetrating the exploitation.

Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors, including gender, cognitive ability, physical strength, status, and access to economic or other resources.

Where there are concerns that a child or young person may be or is at risk of becoming involved in gang related activity and being exploited, we will complete the checklist in accordance with the local procedures. **Appendix 5 – Child exploitation checklist**

The school understands that Early Help can be crucial in the early identification of children who may need additional support due to gang related activity and as such will provide an early help response when concerns are raised about indicators of gang activity.

If, however information suggests a child may be at risk of significant harm due to gang related activity, a referral will be made to Sefton Multi Agency Safeguarding Hub [MASH]

The child in question will be discussed at the **Multi- Agency Child Exploitation Panel. [MACE]**
The school will be invited to the meeting to support and contribute to the plan that is put into place.

The **MACE** is a multi-agency professional meeting. It is aimed at preventing **children** and young people from being **exploited**, by working together to gather, share and understand information and intelligence to identify potential risks, and for agencies to use their resources to protect the **child** or young person.

Our schools will use advice produced by the Home Office for staff to have an understanding of the risks associated with gang related behaviour and what measures can be taken to address these issues. The guidance can be found at:-
https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/741194/HOCountyLinesGuidanceSept2018.pdf.

15.10 Modern Slavery Trafficked Children

Our school recognises Trafficking is where children and young people are tricked, forced or persuaded to be moved or transported and then exploited, forced to work or sold. Children are trafficked for sexual and criminal exploitation, benefit fraud, forced marriage, domestic slavery, forced labour, committing crime like theft, county lines.

The Modern Slavery Act 2015 places a new statutory duty on public authorities, including schools, to notify the National Crime Agency (NCA) (section 52 of the Act) on observing signs or receiving intelligence relating to modern slavery. The public authority (including schools) bears this obligation where it has 'reasonable grounds to believe that a person may be a victim of slavery or human trafficking', we will report our concerns in relation to the above and contact the DSL should we suspect or receive information that either parents or their children may be victims of modern slavery. Our DSL will speak to the MASH and consider whether a referral to the National Referral Mechanism (NRM) should be undertaken in order to safeguard that child and/or other children. National NRM guidance available at:

https://www.modernslaveryhelpline.org/learn-more/frontline-professionals/nrm-overview-and-form?gclid=EAlaIqobChMIInpLM0pm66wIVeU7tCh2YwAbQEAAAYASAAEgKrKfD_BwE.

15.11 Homelessness

St Mary's College recognises that being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead is aware of contact details and referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include: **household debt, rent**

arrears, domestic abuse and anti-social behaviour, the family being asked to leave a property. Our school will work closely with the Housing Options Team and other services if children in our school are homeless or are at risk from becoming homeless. **The Housing Options Team can be contacted on 0151 934 3541.**

The Homelessness Reduction Act 2017, places a new legal duty on English councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help, including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live. The following factsheets usefully summarise the new duties. [Homeless Reduction Act Factsheets](#). The new duties shift focus to early intervention and encourage those at risk to seek support as soon as possible, before they are facing a homelessness crisis.

15.12 Children and the court system

All staff should be aware that any child involved in legal proceedings should be made known to the Designated Safeguarding Lead. Children are sometime required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. Where there is a family break up, making child arrangements via the family courts following separation can be stressful and entrench conflict in families. There are two age appropriate guides to support children [5-11 year olds](#) and [12-17 year olds](#), they explain each step of the process and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained. The Ministry of Justice has launched an online [child arrangements information tool](#) with clear and concise information on the dispute resolution service. This may be useful for some parents and carers.

15.13 Children with family members in prison

Approximately 200,000 children have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. [NICCO](#) provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children <https://www.nicco.org.uk/>. Staff must inform the Designated Safeguarding Lead if they know a child has a family member in prison. Our school will offer an early help assessment to the family if they need additional support.

15.14 Bullying, including Prejudiced based abuse, Racist incidents and Cyber bullying

St Mary's College has an anti-bullying policy which is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures. This includes all forms, e.g. cyber, racist, homophobic and gender related bullying.

We keep a record of known bullying incidents which is shared with and analysed by the Governing Board. All staff are aware that children with SEND and/or differences or perceived differences are more susceptible to being bullied or victims of child abuse.

If the bullying is particularly serious, or the anti-bullying procedures are seen to be ineffective, the Principal and DSL will consider implementing child protection procedures.

The subject of bullying is addressed at regular intervals in PHSE education.

Prejudice Based Abuse

Prejudice based abuse or hate crime is any criminal offence which is perceived by the victim or any other person to be motivated by a hostility or prejudice based on a person's real or perceived: Disability; Race; Religion; Gender Identity; Sexual Orientation;

Although this sort of crime is collectively known as 'Hate Crime', the offender doesn't have to go as far as being motivated by 'hate', they only should exhibit 'hostility';

This can be evidenced by:

- Threatened or actual physical assault
- Derogatory name calling, insults, for example racist jokes or homophobic language;
- Hate graffiti (e.g. on school furniture, walls or books)
- Provocative behaviour e.g. wearing of badges or symbols belonging to known right wing, or extremist organisations
- Distributing literature that may be offensive in relation to a protected characteristic
- Verbal abuse
- Inciting hatred or bullying against children who share a protected characteristic
- Prejudiced or hostile comments in the course of discussions within lessons teasing in relation to any protected characteristic e.g. sexuality, language; religion or cultural background
- Refusal to co-operate with others because of their protected characteristic, whether real or perceived
- Expressions of prejudice calculated to offend or influence the behaviour of others;
- Attempts to recruit other pupils to organisations and groups that sanction violence, terrorism or hatred

Racist incidents

Our policy on racist incidents, and online racist incidents, is set out within our anti bullying policy. We acknowledge that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures. We keep a centralised computer log of all racist incidents.

Cyberbullying

Central to our School's anti-bullying policy is the principle that '*bullying is always unacceptable*' and that '*all pupils have a right not to be bullied*'.

The school recognises that it must take note of bullying perpetrated outside school which spills over into the school, and so we will respond to any cyber-bullying we become aware of carried out by pupils when they are away from the site.

Cyber-bullying is defined as "an aggressive, intentional act carried out by a group or individual using electronic forms of contact repeatedly over time against a victim who cannot easily defend himself/herself".

By cyber-bullying, we mean bullying by electronic media:

- Bullying by texts or messages or calls on mobile phones
- The use of mobile phone cameras to cause distress, fear or humiliation
- Posting threatening, abusive, defamatory or humiliating material on websites, to include blogs, personal websites, social networking sites
- Using e-mail to message others
- Hijacking/cloning e-mail accounts
- Making threatening, abusive, defamatory or humiliating remarks in on-line forums

Cyber-bullying may be at a level where it is criminal. If we become aware of any incidents of cyberbullying, we will consider each case individually as to any criminal act that may have been committed. The school will pass on information to the police if it feels that it is appropriate or are required to do so.

15.15 Gaming

Online gaming is an activity that many children and adults get involved in. The school will raise awareness by:

- Talking to parents and carers about the games their children play and help them identify whether they are appropriate
- Supporting parents in identifying the most effective way of safeguarding their children by using parental controls and child safety mode
- Talking to parents about setting boundaries and time limits when games are played;
- Highlighting relevant resources
- Making our children aware of the dangers, including grooming and how to keep themselves safe
- Making our children aware of how to report concerns

15.16 Child abuse linked to Faith and Belief

The term 'belief in spirit possession' is the belief that an evil force has entered a child and is controlling him or her. Sometimes the term 'witch' is used and is the belief that a child is able to use an evil force to harm others. There is also a range of other language that is connected to such abuse. This includes black magic, kindoki, ndoki, the evil eye, djinns, voodoo, obeah, demons, and child sorcerers. In all these cases, genuine beliefs can be held by families, carers, religious leaders, congregations, and the children themselves that evil forces are at work. Families and children can be deeply worried by the evil that they believe is threatening them and abuse often occurs when an attempt is made to 'exorcise', or 'deliver' the child. Exorcism is the attempt to expel evil spirits from a child. The belief in 'possession' or 'witchcraft' is widespread. It is not confined to countries, cultures or religions, nor is it confined to new immigrant communities in this country. Any concerns about a child which arise in this context must be taken seriously.

Where the concerns about abuse linked to witchcraft and spirit possession for the welfare and safety of the child or young person are such that a contact to Sefton MASH must be made. Information for those who work with children to help raise awareness, and prevent child abuse arising from religion or superstition, a national action plan has been developed. This can be found at:

[https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/175437/Action Plan - Abuse linked to Faith or Belief.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/175437/Action_Plan_-_Abuse_linked_to_Faith_or_Belief.pdf)

15.17 Gender Based Violence / Violence against Women and Girls

The government have a strategy looking at specific issues that women and girls face. Within the context of this safeguarding policy the following sections are how we respond to violence against girls. Female genital mutilation, forced marriage, honour-based abuse and teenage relationship abuse all fall under this strategy. This can be found at:

<https://www.gov.uk/government/policies/violence-against-women-and-girls>

15.18 So-called 'Honour-Based' Abuse (including FGM, Forced Marriage and Breast Ironing)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

Breast Ironing

Breast ironing is where young pubescent girls' breasts are ironed, massaged and/or pounded down using hard or heated objects for the breasts to disappear or delay the development of the breasts entirely. The custom uses large stones, a hammer or spatulas that have been heated over scorching coals to compress the breast tissue, or an elastic belt to press the breasts to prevent them from growing, in girls as young as 9 years old. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

Female Genital Mutilation (FGM)

Female genital mutilation (FGM), is the ritual cutting or removal of some or all of the external female genitalia or other injury to the female genital organs. The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM and what procedures they need to follow.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/child already being known to children's social care in relation to other safeguarding issues

A girl:

- Having difficulty walking, sitting or standing, or looking uncomfortable
- Finding it hard to sit still for long periods of time (where this was not a problem previously)
- Spending longer than normal in the bathroom or toilet due to difficulties urinating
- Having frequent urinary, menstrual or stomach problems
- Avoiding physical exercise or missing PE
- Being repeatedly absent from school, or absent for a prolonged period
- Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
- Being reluctant to undergo any medical examinations
- Asking for help, but not being explicit about the problem
- Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

The girl's family having a history of practicing FGM (this is the biggest risk factor to consider). FGM being known to be practiced in the girl's community or country of origin. A parent or family member expressing concern that FGM may be carried out. A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues.

A girl:

- Having a mother, older sibling or cousin who has undergone FGM
- Having limited level of integration within UK society

- Confiding to a professional that she is to have a “special procedure” or to attend a special occasion to “become a woman”
- Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
- Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
- Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to consider the context of the discussion)
- Being unexpectedly absent from school
- Having sections missing from her ‘red book’ (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

Any teacher who either:

- Is informed by a girl under 18 that an act of FGM has been carried out on her; or
- Observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18, and they have no reason to believe that the act was necessary for the girl’s physical or mental health, or for purposes connected with labour or birth.

Must immediately report this to the police, personally. This is a mandatory statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children’s social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **child under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a child is *at risk* of FGM, or FGM is suspected but is not known to have been carried out. Staff should not examine children <https://seftonlscb.org.uk/lscb/policy-and-guidance/female-genital-mutilation-fgm-1>

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the ‘**one chance**’ rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them. If a member of staff suspects that a child is being forced into marriage, they will speak to the child about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the child about the concerns in a secure and private place
- Activate the local safeguarding procedures
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fmufco.gov.uk;
- Refer the pastoral tutor, learning mentor, or school counsellor, as appropriate.

The Forced Marriage Unit has published [statutory guidance](#) and [Multi-agency guidelines](#), with pages 35-36 of which focus on the role of schools and colleges.

15.19 Preventing radicalisation (training)

The Prevent duty

All schools and colleges are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have “due regard to the need to prevent people from being drawn into terrorism”. This duty is known as the Prevent duty. The Prevent duty should be seen as part of schools’ and colleges’ wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the [Revised Prevent duty guidance: for England and Wales](#), especially paragraphs 57-76 which are specifically, concerns with schools (and also covers childcare). The guidance is set out in terms of four general themes: Risk assessment, working in partnership, staff training, and IT policies.

Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups;

Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces;

Terrorism is an action that:

- Endangers or causes serious violence to a person/people
- Causes serious damage to property; or
- Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause. Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk. We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place and equip our children to stay safe online at school.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period. Staff will be alerted to changes in children’s behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a child is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities, they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views

- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

It is possible to protect vulnerable people from ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alerted to changes in children's behaviour which could indicate that they may need help or protection. Staff should use their judgement in identifying children who may be at risk of radicalisation and act proportionately, which may include the designated safeguarding lead (or deputy) making a referral to the Channel Programme.

Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation. An individual's engagement with the programme is entirely voluntary at all stages. Guidance on Channel is available at: [Channel Guidance](#), and a Channel awareness e-learning programme is available for staff at: [Channel General Awareness](#).

Our Designated Safeguarding Lead (and any deputies) are aware of local procedures for making a Channel referral. As a Channel partner, the school or college may be asked to attend a Channel panel to discuss the individual referred, to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required. **Appendix 6 – Channel flow chart**

15.20 Parental Mental Health

The term "mental ill health" is used to cover a wide range of conditions, from eating disorders, mild depression and anxiety to psychotic illnesses such as schizophrenia or bipolar disorder. Parental mental illness does not necessarily have an adverse impact on a child's developmental needs, but it is essential to always assess its implications for each child in the family. It is essential that the diagnosis of a parent/carer's mental health is not seen as defining the level of risk. Similarly, the absence of a diagnosis does not equate to there being little or no risk.

For children, the impact of Parental Mental Health can include:

- The parent / carer's needs or illnesses taking precedence over the child's needs
- Child's physical and emotional needs neglected
- A child acting as a young carer for a parent or a sibling
- Child having restricted social and recreational activities
- Child finds it difficult to concentrate - impacting on educational achievement
- A child missing school regularly as (s)he is being kept home as a companion for a parent / carer
- Adopt paranoid or suspicious behaviour as they believe their parent's delusions
- Witnessing self-harming behaviour and suicide attempts (including attempts that involve the child)
- Obsessional compulsive behaviours involving the child.

If staff in our school become aware of any of the above indicators, or others that suggest a child is suffering due to parental mental health, the information will be shared with the DSL who will undertake an assessment of the situation and seek support from Children's social care or other relevant agencies.

15.21 Self-Harm

Self-harm is a coping mechanism which enables a person to express difficult emotions. Young people who hurt themselves often feel that physical pain is easier to deal with than the emotional pain they are experiencing, because it is tangible. But the behaviour only provides temporary relief and fails to deal with the underlying issues that a young person is facing. For some people, self-harm may last for a short time. For others, it can become a long-term problem. Some people self-harm stops for a while, and return to it months, even years, later, in times of distress.

Risk factors that indicate a child or young person may be at risk of taking actions to harm themselves or attempt suicide can cover a wide range of life events such as: bereavement, bullying, cyber bullying, mental health problems including eating disorders, family problems such as domestic violence, any form of abuse or conflict between the child and parents.

The most common forms of self-harm are:

- Cutting
- Biting self
- Burning, scalding, branding
- Picking at skin, reopening old wounds
- Breaking bones, punching
- Hair pulling
- Head banging
- Ingesting objects or toxic substances
- Overdosing with a medicine

Self-harm is usually a secretive behaviour, but signs may include:

- Wearing long sleeves at inappropriate times
- Spending more time in the bathroom
- Unexplained cuts or bruises, burns or other injuries
- Unexplained smell of Dettol, TCP, etc
- Low mood - seems to be depressed or unhappy, low self-esteem, feelings of worthlessness
- Any mood changes - anger, sadness
- Changes in eating or sleeping patterns
- Losing friendships, spending more time by themselves and becoming more private or defensive
- Withdrawal from activities that used to be enjoyed
- Abuse of alcohol and or drugs

St Mary's College recognises that any child who self-harms or expresses thoughts about self-harm and/or suicide, must be taken seriously and appropriate help and intervention will be offered at the earliest point. Any member of staff who is made aware that a child has self-harmed or is contemplating self-harm or suicide will record and report the matter to the DSL as soon as possible as with any other safeguarding concern. The DSL will contact the relevant agency. Where a child has suffered harm or is at risk from significant harm a referral will be made to the MASH team.

15.22 Child abduction and community safety incidents

Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family

members; by people known but not related to the victim (such as neighbours, friends and acquaintances); and by strangers.

Other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation.

As children get older and are granted more independence (for example, as they start walking to school on their own) it is important they are given practical advice on how to keep themselves safe. Many schools provide outdoor-safety lessons run by teachers or by local police staff.

Our school will deliver lessons that focus on building children's confidence and abilities rather than simply warning them about all strangers. We will contact the nominated person in Sefton Council who deals with the community safety incidents.

15.23 Close one to one teaching

Staff and other adults are required to work within clear Guidelines on Safe Working Practice, the Child Protection Policy and procedures, the Staff Behaviour Policy/ whole school behaviour policy, Staff Code of Conduct and the school's ICT Staff Acceptable Use Agreement. The latter includes amongst other things, staff/pupil relationships and communications, including the use of social media.

A child may make an allegation against a member of staff or other adult in situations where they feel vulnerable or where they perceive there to be a possible risk to their welfare. As such, all school staff and other adults must take care not to place themselves in a vulnerable position regarding child protection or potential allegations. For example, it is always advisable for interviews or work with individual children or parents to be conducted in view of other adults.

When pupils are changing for PE or games, staff will:

- Check changing rooms before pupils enter. They check that it is safe and lights on and no access is available to areas which pupils should not go to.
- Stand outside and will only enter if a pupil says there is a problem, they can hear there is a problem or if there is no noise which may indicate a problem.
- Knock the changing room door first as a warning and tell pupils they are entering
- Check the changing rooms before they leave and ensure the changing rooms are cleaned before next use

When pupils are taking part in one to one music lessons, safeguarding is taken into special consideration by:

- Making sure there is always someone else in the music building
- There are vision panels in the doors where music practice takes place
- There is a warning alarm on the door when another person enters the building
- There is CCTV on corridors
- The lessons are clearly timetabled
- Peripatetic staff sign in and out

When pupils are taking part in plays / musicals, safeguarding is taken into special consideration by:

- Having single sex changing facilities
- Only staff and crew members involved in the production may go back stage
- Duty staff back stage are in pairs
- Consent forms are completed

16 What to do if staff are concerned about a child's welfare

If staff members have concerns about a child, they should raise these with the DSL. This also includes situations of abuse which may involve staff members.

All staff are required to report any concerns in writing immediately to the Head of Year or DSL. On occasions, a referral is justified by a single incident such as an injury or disclosure of abuse. More often however, concerns accumulate over a period of time and are evidenced by building up a picture of harm; it is crucial that staff record and pass on their concerns in accordance with these procedures to allow the DSL to build up a picture and access support for the child in question.

The DSL will decide whether to make a referral to Sefton MASH, but it is important to note that where a staff member feels that their genuine concerns are not being addressed, they may refer their concerns to the Sefton MASH directly. Alternatively, the NSPCC have a whistleblowing advice line for professionals who have concerns over how child protection issues are being handled in either theirs or another organisation <https://www.nspcc.org.uk/fighting-for-childhood/news-opinion/new-whistleblowing-advice-line-professionals/>

Where a child and family would benefit from co-ordinated support an Early Help Assessment needs to be undertaken. These assessments should identify what help the child and family require and prevent needs escalating to a point where intervention would be needed via a statutory assessment. The Early Help Assessment should be undertaken by a lead professional that identifies there are additional needs and support is required from outside agencies.

If, at any point, there is a risk of immediate serious harm to a child, a referral should be made to Sefton MASH or the police should be contacted immediately. **Anyone can make a referral.** If the child's situation does not appear to be improving, the staff member with concerns should press for re-consideration. Concerns should always lead to help for the child at some point.

It is important for children to receive the right help at the right time to address risks and prevent issues escalating. Research and serious case reviews have repeatedly shown the dangers of failing to take effective action. Poor practice includes: failing to act on and refer the early signs of abuse and neglect, poor record keeping, failing to listen to the views of the child, failing to re-assess concerns when situations do not improve, sharing information too slowly and a lack of challenge to those who appear not to be acting.

17 Dealing with disclosures/Listening to children/Notifying parents

The way in which a member of staff talks to a child who discloses abuse could influence the evidence that is put forward if there are subsequent proceedings, and it is important that staff do not jump to conclusions, ask leading questions, or put words in a child's mouth. If a child makes a disclosure to a member of staff or other adult working in school s/he should write a record of the conversation as soon as possible, stating exactly, in the child's words, what has been said, noting any action taken in cases of possible abuse. This must be signed and include the day of the week, date, time and place of the disclosure. A body map needs to be used when appropriate. All records must be locked in a secure place.

Inform the Designated Safeguarding Lead (DSL), who will evaluate the assessment and concern record Initial contact will be made with the MASH where necessary. The DSL can have a consultation with the MASH social worker to outline their concerns and the MASH will give advice. If it is the case that a referral must be made the DSL will complete the on-line form.

If a referral needs to be made, or consultation with any other agency is deemed necessary then we recognise that it is good practice to inform parents and child of actions to be taken, unless this puts the child at further risk of harm.

Multi-Agency Safeguarding Hub [MASH] Tel: 0151 934 4013/4481

Staff must be aware that:

- It is not the responsibility of teachers, other staff or volunteers to investigate suspected cases of abuse
- They should not take any action beyond that agreed in the procedures established by the school and Sefton LSCB
- They cannot promise a child complete confidentiality - instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe

Listening to Children

Experience and consultation with children show that a child will talk about their concerns and problems to people they feel they can trust, and they feel comfortable with. This will not necessarily be a teacher. It is therefore essential that all staff and volunteers in a school or establishment know how to respond sensitively to a child's concerns, who to approach for advice about them, and the importance of not guaranteeing complete confidentiality.

Any member of staff or volunteer in our school who is approached by a child wanting to talk will listen positively and reassure the child. They will record the discussion with the pupil as soon as possible and act in accordance with the school's child protection procedures.

Any direct disclosure by a pupil (male or female) will be taken very seriously. A child who discloses they are the subject of sexual imagery is likely to be embarrassed and worried about the consequences. It is likely that disclosure in school is a last resort and they may have already tried to resolve the issue themselves. When an incident involving sexting comes to a school's attention the following steps will be taken

If a child chooses to disclose, the member of staff or other adult in the school will:

- Be accessible and receptive
- Stay calm listen carefully at the child's pace
- Accept what is said - take what is said seriously
- Reassure the child that they are right to tell
- Tell the child that this information must be passed on and confidentiality cannot be promised
- Make a written record, which should be signed and include the time, day, date, and your position in school
- Pass to the DSL or deputy with no delay

Staff or other adults will **never**:

- Make the child feel they are creating a problem or feel ashamed for reporting abuse
- Take photographs or examine an injury
- Investigate or probe, aiming to prove or disprove possible abuse, never ask leading questions;
- Make promises to children about confidentiality or keeping 'secrets'
- Assume that someone else will take the necessary action
- Jump to conclusions or react with shock, anger or horror
- Speculate or accuse anybody
- Confront another person (adult or child) allegedly involved
- Offer opinions about what is being said or about the person/s allegedly involved
- Forget to record what has been said;

- Fail to pass the information on to the correct person;
- Ask a child to sign a written copy of the disclosure.

For children with communication/language difficulties or who use alternative/ augmented communication systems, staff and other adults may need to take extra care to ensure that signs of abuse and neglect are identified and interpreted correctly, but concerns should be reported in the same manner as for other children. In some cases, it may be appropriate to seek the services of a professional interpreter.

Notifying Parents

The school will normally seek to discuss any concerns about a pupil with their parents. This must be handled sensitively, and the DSL will contact the parent in the event of a concern, suspicion or disclosure. However, if the school believes that notifying parents could increase the risk to the child or exacerbate the problem, advice will first be sought from the MASH team.

Where there are concerns about fabricated illness, forced marriage or honour based abuse, parents should not be informed a referral is being made as to do so may place the child at a significantly increased risk.

18 Making a referral

Concerns about a pupil or a disclosure should be discussed with the DSL who will help decide whether a referral to the MASH is appropriate. If a referral is needed, then the DSL should make it. However, anyone can make a referral and if for any reason a staff member thinks a referral is appropriate and one hasn't been made, they can and should consider making a referral themselves.

If a pupil is in immediate danger or is at risk of harm a referral should be made to MASH and/or the police immediately. Anybody can make a referral.

Where referrals are not made by the DSL, the DSL should be informed as soon as possible.

MASH contact number: **0151 934 4013 / 0151 934 4481**

The person making the referral should provide the following information if available - note - absence of information must not delay a referral:

- Full name, any aliases, date of birth and gender of child/children
- Full family address and any known previous addresses
- Identity of those with Parental Responsibility
- Names, date of birth and information about all household members, including any other children in the family, and significant people who live outside the child's household
- Ethnicity, first language and religion of children and parents/carers
- Any need for an interpreter, signer or other communication aid
- Any special needs of the child/ren
- Is the child registered at a school or regularly attending a school? If so, identify the school
- Any significant/important recent or historical events/incidents in the child or family's life
- Has the child recently spent time abroad or recently arrived in the area?
- Cause for concern including details of any allegations, their sources, timing and location
- The identity and current whereabouts of the suspected/alleged perpetrator
- The child's current location and emotional and physical condition
- Whether the child is currently safe or needs immediate protection because of any approaching deadlines (e.g. child about to be collected by alleged abuser)
- The child's account and the parents' response to the concerns if known
- The referrer's relationship and knowledge of the child and parents/carers
- Known current or previous involvement of other agencies/professionals

- Information regarding parental knowledge of, and agreement to the referral

The MASH should make a decision within **one** working day of a referral being made about what course of action they are taking, and they should let the referrer know the outcome. The DSL will follow up on a referral should that information not be forthcoming. If, after a referral, the child's situation does not appear to be improving, the DSL will press for re-consideration using Sefton Escalation Policy and Procedures to ensure their concerns have been addressed and, most importantly, that the child's situation improves. The escalation policy can be found at:- <https://seftonlscb.safeguardingpolicies.org.uk/may-2017/sec-17-escalation-procedure-resolution-of-professional-disagreement/175-notification-to-lscb-of-invoking-escalation-procedure>

19 Peer-on-Peer Abuse

At our school we recognise that children can abuse their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” “boys will be boys” or “part of growing up”, as this can lead to a culture of unacceptable behaviours and an unsafe environment for children. Staff will always challenge abusive behaviours between peers. Even if there are no reported cases, it is likely that such abuse will still be going on and just not being reported.

We also recognise the gendered nature of peer-on-peer abuse; that it is more likely that girls will be victims and boys perpetrators. However, all peer-on-peer abuse is unacceptable and will be taken seriously whether this is include. or outside of school or online.

Peer-on-peer abuse is when children abuse other children. This type of abuse can take place inside and outside of school and online. All staff should be aware that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but may not be limited to:

- Bullying (including cyber-bullying, prejudice-based and discriminatory bullying)
- Abuse in intimate personal relationships between peers
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual violence, such as rape, assault by penetration and sexual assault (this may include an online element which facilitates, threatens and/or encourages sexual violence)
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- Consensual and non-consensual sharing of nudes and semi nudes' images and/or videos (also known as sexting or youth produced sexual imagery)
- Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element)

Where children abuse their peers online, this can take the form of, for example, abusive, harassing, and misogynistic messages; the non-consensual sharing of indecent images, especially around chat groups; and the sharing of abusive images and pornography, to those who don't want to receive such content.

Peer on Peer Abuse can include grooming children for sexual and criminal exploitation.

In areas where gangs are prevalent, older children may attempt to recruit younger children using any or all the above methods. Children and Young People suffering from Child Criminal and Sexual Exploitation themselves may be forced to recruit other young people under threat of violence.

We endeavour to minimise the risk of peer on peer abuse happening by:

- Addressing this within EPR days and the PSHE and RSE curriculum
- Covering online abuse and safety measures within the ICT curriculum
- Creating a culture where abuse is reported
- Creating opportunities for confidential reporting
- Advertising help and support options on the safeguarding boards and other notices
- Conducting assemblies on contextualised matters e.g online safety
- Communicating messages, notices and important information to parents to give them resources to support their child

Response from school to the allegation

When an allegation is made by a child against another child, members of staff should consider whether the complaint raises a child protection/safeguarding concern. If there is a safeguarding concern, either insdie, outside or online:

- Our Designated Safeguarding Lead will be informed
- A factual record will be made of the allegation, but no attempt at this stage should be made to investigate the circumstances
- Our DSL will contact Children's Social Care to discuss the case. It is possible that they may be already aware of safeguarding concerns around this young person. The DSL will follow through the outcomes of the discussion and make a MASH referral where appropriate
- The DSL will make a record of the concern, the discussion and any outcome and keep a copy in both children's files
- If the allegation indicates a potential criminal offence has taken place, the police should be contacted at the earliest opportunity and parents informed (of both the children being complained about and the alleged victim)
- It may be appropriate to exclude the child being complained about for a period according to St Mary's College behaviour policy and procedures
- Where neither Children's Social Care nor the police accept the complaint, a thorough school investigation should take place into the matter using the school's usual disciplinary procedures
- In situations where the school considers a safeguarding risk is present, a risk assessment should be prepared along with a preventative, supervision plan
- The plan should be monitored, and a date set for a follow-up evaluation with everyone concerned
- Where neither Children's Social Care or the police accept the complaint, a thorough school investigation should take place into the matter using the school's usual disciplinary procedures

PROCEDURES FOR DEALING WITH REPORTED BULLYING

If an incident of bullying (including cyber bullying) is reported, the following procedures are adopted:

- The member of staff to whom it was reported or who first discovers the situation, will control the situation, reassure and support the pupils involved. The school also operates a confidential drop box service which is monitored by the DSL.
- He/she will inform an appropriate member of the pastoral team as soon as possible.
- The member of staff will calmly explain the range of disciplinary measures that are potentially involved.
- The victim will be interviewed on his/her own and asked to write an account of events.

- The alleged bully/bullies, together with all others who were involved, will be interviewed individually and asked to write an immediate account of events.
- The incident will be recorded.
- Form Teachers/Tutors and the appropriate Year Head and DSL should be informed. The Head of Pastoral Care should also be made aware of the situation. In more serious incidents, the Principal should be informed.
- The victim(s) will be interviewed at a later stage by a member of the pastoral team, separately from the alleged perpetrator. It will be made clear to him/her why revenge is inappropriate. He/she will be offered support to develop a strategy to help him/her.
- At no point must it be declared or suggested that bullying is the fault of the victim(s). Bullying is an abuse of power which cannot be excused or explained away as the victim's own fault.
- The alleged bully/bullies will be interviewed at a later stage by a member of the pastoral team, separately from the victim(s), and it will be made clear why his/her behaviour was inappropriate and caused distress. He/she will be offered guidance on modifying his or her behaviour, together with any appropriate disciplinary sanctions.
- The parents/guardians of all parties should be informed and invited into school to discuss the matter. Their support should be sought.
- A way forward, including disciplinary sanctions, restorative practices and counselling, should be agreed.

This should recognise that suitable support is needed both for children who are being bullied and for pupils who bully others, as well as dealing with appropriate disciplinary measures.

- A meeting involving all the parties, with close staff supervision, could be helpful in developing a strategy for all concerned to close the episode.
- A monitoring and review strategy will be put in place.
- The whole procedure shall be conducted in accordance with the principles of natural justice.

If the report is found to be unsubstantiated, unfounded, false or malicious, we will consider whether this is a cry for help and whether additional support is required or disciplinary action (in line with the behavioural policy).

The incident will be recorded on the central bullying log.

In very serious cases, and only after the Principal has been involved, it may be necessary to make a report to the Police or Sefton Council's Children's Services Department. However it is the policy of St. Mary's College to attempt to resolve such issues internally under the school's own disciplinary procedures, unless the matter is of such gravity that a criminal prosecution is likely or Child Protection issues dictate a referral to Children's Services. Under the Children Act 1989 a bullying incident should be addressed as a child protection concern when there is 'reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm'. Where this is the case, the school staff should report their concerns to Sefton Council's Children's Services Department.

All staff are made aware that safeguarding issues can manifest themselves via peer on peer / child on child abuse. This is most likely to include, but not limited to: bullying (including cyber bullying), gender-based violence/sexual assaults and sexting.

Our staff understand that, even where peer on peer abuse is not being reported, it does not mean it's not happening.

20 Sexual violence and sexual harassment between children in schools/sexually harmful behaviours, St Mary's College follows the DfE's advice about sexual violence and sexual harassment between children in schools and colleges Sexual Violence and Sexual Harassment Between Children in Schools and Colleges (2021).

At St Mary's College we recognise that sexual violence and/or sexual harassment can happen anywhere including educational settings. Where concerns of sexual violence or sexual harassment are witnessed, disclosed or reported to the school (including those that have happened outside of school) the concern will be taken seriously. We recognise that sexual violence and harassment exist on a continuum and may overlap; they can occur online and face to face (both physical and verbal) and are never acceptable, even when occurring online or outside of school (these will be treated equally seriously).

Sexual violence and sexual harassment can occur between two children of any sex and within intimate personal relationships. They can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. It is more likely that girls will be the victims of sexual violence.

Sexual violence and sexual harassment are not acceptable at St Mary's College. Behaviours such as making sexual remarks, grabbing bottoms, breasts and genitalia is not 'banter' or 'having a laugh' and will never be tolerated.

At our school if a child (victim) reports an incident, our staff will reassure the child that they are being taken seriously and that they will be supported and kept safe. A child should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment and nor should a victim ever be made to feel ashamed for making a report.

St Mary's College recognises that the following children can be especially vulnerable to sexual violence and sexual harassment:

- Children with Special Educational Needs and Disabilities (SEND);
- Children/young people who are Lesbian, Gay, Bisexual, or Trans, Questioning (LGBTQ) or who are perceived to be LGBTQ by their peers.

Sexual Violence:

Sexual violence refers to sexual offences under the Sexual Offences Act 2003:

- **Rape:** A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.
- **Assault by Penetration:** A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.
- **Sexual Assault:** A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.
- **Consent:** Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs.

Sexual Harassment:

Sexual harassment is 'unwanted conduct of a sexual nature' that can occur online and offline.

Sexual harassment is likely to:

- Violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment

Sexual harassment can include:

- Sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance, calling someone sexualised names
- Sexual 'jokes' or taunting
- Physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes, displaying pictures, photos or drawings of a sexual nature
- Online sexual harassment, which might include: non-consensual sharing of sexual images and videos and sharing sexual images and videos (see Sharing of nudes and semi nudes, Youth produced sexual imagery (Sexting), inappropriate sexual comments on social media exploitation; coercion and threats. Online sexual harassment may be stand alone, or part of a wider pattern of sexual violence and/or sexual harassment

Harmful sexual behaviours:

Children's sexual behaviours exist on a wide continuum, from normal and developmentally expected to inappropriate, problematic, abusive and violent. Harmful sexual behaviours refers to problematic, abusive and violent sexual behaviours which are developmentally inappropriate and may cause developmental damage. For more information see NSPCC Harmful Sexual Behaviours. This can be found at <https://learning.nspcc.org.uk/research-resources/2019/harmful-sexual-behaviour-framework>.

When considering harmful sexual behaviours, ages and the stages of development of the children are critical factors to consider. Sexual behaviour between children can be considered harmful if one of the children is much older. However, a younger child can abuse an older child, particularly if they have power over them. A useful tool is: Brook Traffic Light Tool.

Harmful sexual behaviours will be considered in a child protection context.

St Mary's College recognises that children displaying harmful sexual behaviours have often experienced their own abuse and trauma and they will be offered appropriate support.

Name of school has a clear set of values and standards and these will be upheld and demonstrated throughout all aspects of school life. The school has a Behaviour Policy and Anti-Bullying Policy. The PSHE covers the following issues according to the age and stage of development of the children: healthy and respectful relationships:

- What respectful behaviour looks like
- Gender roles, stereotyping, equality
- Body confidence and self-esteem
- Prejudiced behaviour
- That sexual violence and sexual harassment is always wrong
- Addressing cultures of sexual harassment

Up skirting

St Mary's College will ensure that all staff and children are aware of the changes to the Voyeurism (Offences) Act 2019 which criminalise the act of 'up skirting'. The Criminal Prosecution Service (CPS) defines 'up skirting' as: "a colloquial term referring to the action of placing equipment such as a camera or mobile phone beneath a person's clothing to take a voyeuristic photograph without their

permission. It is not only confined to victims wearing skirts or dresses and equally applies when men or women are wearing kilts, cassocks, shorts or trousers. It is often performed in crowded public places, for example on public transport or at music festivals, which can make it difficult to notice offenders". Incidents of up skirting in the school will not be tolerated.

Responding to allegations of sexual harassment and sexual violence

If staff have any concerns about sexual violence or sexual harassment, or a child makes a report to them, St Mary's College will make decisions on a case-by-case basis, with the DSL (or a deputy) taking a leading role and using their professional judgment, supported by other agencies, such as children's social care and the police as required. The management of children and young people who display sexually harmful behaviour is complex and St Mary's College will work with other relevant agencies to maintain the safety of the whole school community. This will include situations which happen outside of school and online

Our school will complete a risk and needs assessment for all reports of sexual violence that take place both on and off line. The need for a risk and needs assessment for reports of sexual harassment will be considered on a case by case basis. The assessment will consider:

- The victim, especially their protection and support
- The alleged perpetrator
- All the other children (and, if appropriate, adult students and staff) at the school or college, especially any actions that are appropriate to protect them

See Appendix 7 Risk Assessment sexual harassment and sexual violence

St Mary's College will ensure that appropriate measures are put in place to safeguard and support the victim, the alleged perpetrator and the school community.

St Mary's College will make decisions on a case-by-case basis, with the DSL (or a deputy) taking a leading role and using their professional judgment, supported by other agencies, such as children's social care and the police as required.

The DSL will meet the victim's parents or carers with the victim present to discuss what arrangements are being put in place to safeguard the victim and understand their wishes in terms of support they may need and how the report will be progressed.

If a report is determined to be unsubstantiated, unfounded, false or malicious, the designated safeguarding lead should consider whether the child and/or the person who has made the allegation needs help or may have been abused by someone else and this is a cry for help. In such circumstances, a referral to children's social care may be appropriate.

If a report is shown to be deliberately invented or malicious, the school or college should consider whether any disciplinary action is appropriate against the individual who made it.

There are four 'likely outcomes' to consider when managing reports of sexual violence / harassment. These are outlined in KCSiE 2021 and include: internal management; early help; referrals to children's social care; and reporting to the police.

Lucy Faithful Foundation provides support, advice, and information on how to prevent it, links to organisations and helplines, resources about HSB by children, internet safety, sexual development and preventing child sexual abuse. https://www.stopitnow.org.uk/concerned-about-a-child-or-young-persons-sexual-behaviour/preventing-harmful-sexual-behaviour/?utm_campaign=1540968_HSB%20Toolkit%20email_SOCIAL%20MEDIA&utm_me

[diurn=email&utm_source=Lucy%20Faithfull%20Foundation&dm_i=48W7,X100,38NO7C,43A9L,1](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/674416/Searching_screening_and_confiscation.pdf)

All incidents will be recorded. The school will pay due regard to the Department for Education guidance: Searching, Screening and Confiscation advice 2018 which can be found at https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/674416/Searching_screening_and_confiscation.pdf.

Staff will not view or forward illegal images of a child.

21 Partnership with parents

The school shares a purpose with parents to educate, keep children safe from harm and to have their welfare promoted. We are committed to working with parents positively, openly and honestly.

We ensure that all parents are treated with respect, dignity and courtesy. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission, or it is necessary to do so in order to protect a child.

The school will, in most circumstances, endeavour to discuss all concerns about their children with parents. There may, however, be exceptional circumstances when the school will discuss concerns with Children's Social Care and/or the Police without parental knowledge. The school will, of course, always aim to maintain a positive relationship with all parents.

The Child Protection Policy and procedures is available on request.

22 Working with professionals-multi-agency working

The School recognises and is committed to its responsibility to work with other professionals and agencies both to ensure children's needs are met and to protect them from harm. We will endeavour to identify those children and families who may benefit from the intervention and support of external professionals and will seek to enable referrals (in discussion with parents) as appropriate. Information on the Early Help Assessment process is available at <https://www.sefton.gov.uk/social-care/children-and-young-people/early-help/early-help-information-for-professionals.aspx>.

Schools are not the investigating agency when there are child protection concerns and thus, the school will pass all relevant cases to the statutory agencies, which we will support in undertaking their roles. Staff should understand that alongside this, the school may have a crucial role in supporting the child whilst investigations and assessments take place.

Multi-Agency Working -The School recognises the importance of multi-agency working and will ensure that staff are enabled to attend relevant safeguarding meetings, including Child Protection Conferences, Core Group meetings, Strategy Meetings, Child in Need meetings and Early Help/Team around the Family meetings.

We will also work with local partners, families and communities in our efforts to ensure our school understands and embraces our local context and values in challenging extremist views and to assist in the broadening of our children's experiences and horizons. We will help support pupils who may be vulnerable to such influences as part of our wider safeguarding responsibilities, offering support and assistance from external agencies where required.

23 Supervision

At St Mary's College supervision provides support, coaching and training for staff and promotes the interests of children and fosters a culture of mutual support, teamwork and continuous improvement which encourages the confidential discussion of sensitive issues.

Supervision provides opportunities for staff to:

- discuss any issues – particularly concerning children's development or wellbeing;
- identify solutions to address issues as they arise; and
- receive coaching to improve their personal effectiveness.

Regular staff appraisals are carried out to review their practice to ensure they improve; identify any training needs and secure opportunities for continued professional development.

Staff will be supported and supervised by *the line management structure*.

The designated safeguarding lead will be supported by the Principal, Safeguarding Governor and Chair of Governors.

****Any member of staff affected by issues arising from concerns for a child's welfare or safety can seek support from the DSL. The DSL can put staff and parents in touch with outside agencies for professional support if they so wish.***

Child Protection and Safeguarding advice and support is available from Tracy McKeating. LA Education Safeguarding Lead who can be contacted on 07837863075/tracy.mckeating@sefton.gov.uk

24 Confidentiality and information sharing

Effective sharing of information between practitioners and local organisations and agencies is essential for early identification of need, assessment and service provision to keep children safe previous. Serious Case Reviews (SCR's) have highlighted that missed opportunities to record and thereby understand the significance of sharing information in a timely manner can have severe consequences for the safety and welfare of children (Working Together to Safeguard Children 2018 para 23).

We will adopt the information sharing principles detailed in statutory safeguarding guidance contained within:

- DfE Keeping Children Safe in Education (KCSIE) 2021 paragraphs 105 to 113
- HM Working Together to Safeguard Children 2018 Para 23 to 27 and on pages 20 and 21
- Sefton Strategic Safeguarding Board policies and procedures

Timely information sharing is essential for effective safeguarding. This school/college will share safeguarding information as appropriate in keeping with the principles outlined in the government guidance document, [Information sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers \(DfE 2018\)](#). This guidance has been produced to support practitioners in the decisions they take to share information, which reduces the risk of harm to children and young people and promotes their well-being.

Safeguarding and child protection information is confidential and personal. Other than the agreed communication lines in school, it is for the DSL(s) to decide what information needs to be shared, with whom, how and when, and whether consent needs to be gained for this process.

Neither the Data Protection Act 2018 nor GDPR prevent, or limit, the sharing, or withholding, of information for the purposes of keeping children safe. Information which is sensitive and personal will be treated as 'special category personal data' for the purposes of compliance with GDPR.

Legal and secure information sharing between schools, Children's Social Care and other local agencies is essential for keeping children safe and ensuring they get the support they need. Information can be shared without consent where there is good reason to do so, and that the sharing of information will enhance the safeguarding of a child in a timely manner but it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk.

Fears about sharing information **must not** be allowed to stand in the way of promoting the welfare and protecting the safety of children. As with all data sharing, appropriate organisational and technical safeguards will be in place.

Under the Data Protection Act 2018 and the GDPR, schools are permitted to withhold children's personal data where, for example, a child is in a refuge or other form of emergency accommodation and to provide the information would place a child at risk.

If a member of staff needs to seek advice about a safeguarding situation for a child independently for the purposes of keeping a child safe (specifically with the Children's Social Care), it is appropriate for the detail to be discussed in an initial consultation with the MASH.

All staff are made aware that they cannot keep 'secrets' and absolute confidentiality with children, and that if a child discloses abuse or gives information that suggests they may be at risk, this MUST be passed on to the DSL as soon as possible. The child should be told who their disclosure will be shared with and what will happen next.

25 Record Keeping/Child Protection File

Any concerns about a child will be recorded in writing as soon as possible. All records will provide a factual and evidence-based account and there will be accurate recording of any actions. Records will be signed, dated and, where appropriate, witnessed. Where an opinion or professional judgement is recorded this should be clearly stated as such.

At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person; this type of behaviour could lead to the staff member being taken into managing allegations procedures. The body map should be used in accordance with the guidance. Any concerns should be reported and recorded without delay to the appropriate safeguarding services e.g. MASH or the child's social worker if already an open case to social care.

A chronology will be kept in the main school file. Staff, particularly pastoral staff, will record any minor concerns on the chronology and will take responsibility for alerting the Designated Safeguarding Lead should the number of concerns rise or, in their professional judgement, become significant. Concerns will be recorded on the appropriate recording sheet which are placed in the staff room. These will be kept in the student files in the office and/or a child protection file will be created. The child protection files are kept in the DSLs office.

Child Protection File

The Designated Safeguarding Lead is responsible for ensuring that child protection files are kept up to date. Information should be kept confidential and stored securely. It is good practice to keep concerns and referrals in a separate child protection file for each child. Records should include:

- A clear and comprehensive summary of the concern;
- Details of how the concern was followed up and resolved;
- A note of any action taken, decisions reached and the outcome.

They should ensure the file is only accessed by those who need to see it and where the file or content within it is shared, this happens in line with information sharing advice as set out in Part one and Part two KCSIE 2021.

Where children leave the school or college (including in year transfers) the designated safeguarding lead should ensure their child protection file is transferred to the new school or college as soon as possible, and within 5 days for an in-year transfer or within the first 5 days of the start of a new term. This should be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained. Receiving schools and colleges should ensure key staff such as DSL's and SENCOs or the named person with oversight for SEN in colleges, are aware as required.

Where there is an existing risk management plan/assessment in place for behaviours that are deemed potentially harmful to the pupil or others (i.e. self-harming or harmful sexualised behaviour), this information must be shared with the destination provision prior to the pupil starting so that appropriate care and control measures can be put in place to mitigate the potential of any risk of further harm occurring. The DSL will also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving, for example prior to a transfer programme.

Why recording is important

Our staff will be encouraged to understand why it is important that recording is comprehensive and accurate and what the messages from previous serious case reviews are in terms of recording and sharing information. It is often when a chronology of information is pieced together that the level of concern escalates or the whole or wider picture becomes known.

We acknowledge without information being recorded it can be lost. This could be crucial information, the importance of which is not always necessarily apparent at the time. On occasions, this information could be crucial evidence to safeguard a child or be evidence in future criminal prosecutions.

Records will be kept up to date and reviewed regularly by the Snr Designated Safeguarding Lead to evidence and support actions taken by staff in discharging their safeguarding arrangements. Original notes will be retained (but clearly identified as such) as this is a contemporaneous account; they may be important in any criminal proceedings arising from current or historical allegations of abuse or neglect.

A record will be made of all incidents where pupils have expressed racist, homophobic, extremist or radical views which will be monitored at a senior level.

We will ensure all our files will be available for external scrutiny, for example by a regulatory agency or because of a serious case review or audit.

26 Managing allegations or safeguarding concerns against a member of staff or person in school procedures. Appendix 9 Flowchart for Managing Allegations, Information for All Staff.

These procedures must be followed in any case in which it is alleged that a member of staff (including supply staff and contractors), governor, visiting professional or volunteer has met the harm test, this includes where an adult has:

- a) Behaved in a way that has harmed a child or may have harmed a child
- b) Possibly committed a criminal offence against or related to a child
- c) Behaved towards a child or children in a way that indicates s/he may pose a risk of harm to children; or
- d) Behaved or may have behaved in a way that indicates they may not be suitable to work with children. **(This includes any behaviour that may have happened outside of school that might make the individual unsuitable to work with children. This is known as transferable risk.)**

All adults working in school have a duty to disclose to the Principal/principal (or chair of governors where appropriate), where their relationships and associations both within and outside of the workplace (including online) may have implications for safeguarding children in school.

Examples of behaviours that would warrant an allegation or safeguarding concern by a member of staff could include:

- Physical, for example intentional use of force as a punishment, slapping, use of objects to hit with, throwing objects or rough physical handling.
- Emotional, for example intimidation, belittling, scapegoating, sarcasm, lack of respect for children's rights, and attitudes which discriminate on the grounds of race, gender, sex, disability or sexuality.
- Sexual, for example sexualised behaviour towards pupils, grooming, sexual harassment, sexual assault and rape, sending inappropriate messages through social media and other technologies.
- Neglect which may include failing to act to protect a child or children, failing to seek medical attention or failure to carry out appropriate/proper risk assessment etc.

We will consider the welfare of the child as well as how we support the person who has been subjected to the allegations.

A safeguarding complaint that meets the above criteria must be reported to the Principal/Principal ("case manager") immediately. In our school the named case manager is Mr Michael Kennedy. If the complaint involves the Principal, then the next most senior member of staff must be informed and the chair of governors. They will follow the processes outlined in this section.

Where a Principal determines that a safeguarding allegation does not meet the harm threshold in line with the criteria above they will refer the matter to be managed in line with Part 4 KCSIE 2021 by a designated case manager with appropriate safeguarding training. It is important for the Principal to carefully consider who in school is best placed to manage 'low level' concerns that do not meet the harm threshold and ensure appropriate action is taken given the sensitive and confidential nature of the information relating to staff over time. In many cases, the Principal may decide to retain this role or assign this to the DSL or a Deputy DSL.

If the concern is regarding the Principal, the Chair / safeguarding governor will report the concern to the LADO (without informing the Principal). Where there is a conflict of interest in reporting the concern directly to the Principal, the concern will be reported directly to the LADO. Where the allegation refers to a member of staff provided by an agency or contractor, the agency / employer will be contacted and fully involved.

All staff must fully understand that any adult behaviours that deviate from the Guidance for Safer Working Practice, including inappropriate conduct outside of work are a concern, even if they are low-level. Staff are encouraged to share these concerns such that St Mary's College can create a culture of openness, trust and transparency in line with our values and expected behaviours. Low-level concerns are concerns that do not meet the harm test/allegations threshold or those which are inconsistent with the staff code of conduct, but should be reported to the same persons as set out above. Examples of such behaviour as outlined in Keeping Children Safe in Education (KCSIE) para 4.10 2021 include:

- Being over familiar with children
- Having favourites
- Taking photographs of children on their mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door; or
- Using inappropriate sexualised, intimidating or offensive language

Our school may still take advice from the LADO in relation to the above

The case manager should ensure that the child is not at risk and where appropriate ensure that the child is referred to the local authority MASH team as referenced in Part 1 of KCSIE 2021

The case manager should gather as much information about the alleged incident as necessary in order to establish whether there is substance to the allegation. In situations where the case manager determines that the harm test has not been met the case manager must ensure that there is a clear written record of the incident, the context in which it arose and any actions (including whether any HR advice had been sought and actioned) taken to address the concern raised. The name of the person reporting should be noted, respecting any wishes to remain anonymous as far as reasonably possible. Records of low-level concerns should be reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified and responded to. Where a pattern of behaviour is identified, the school should decide on a course of action. This might be internal disciplinary procedures, or referral to the LADO if the harms threshold is met. The school must consider if any wider cultural issues in school that enabled the behaviour to occur and if appropriate policies could be revised or extra training delivered to minimise the risk of recurrence. This record must be kept confidential, stored securely and comply with the Data Protection Act 2018 and the UK GDPR (2018). All low-level concern records will be kept for 40 years.

In situations where the case manager has sufficient information to suggest that the harm test/allegations threshold has been met, the case manager must use the Local Authority Designated Officer (LADO) notification form (**see Appendix 8**) in order to assess the level of concern, **prior to contacting the LADO**. As part of this initial consideration, the case manager should consult with their school's HR Advisor/provider/contact or in the case of a supply member of staff the supply agency safeguarding lead/senior manager. The completed LADO notification form must be sent to **SafeguardingUnitAdmin@sefton.gov.uk** **within one working day of the allegation being made**. This will assist the case manager and HR/supply agency senior manager in consultation with the LADO to decide on the most appropriate course of action. This includes when to inform the member of staff of the concerns raised. Parents or carers of the child or children involved should be told about the allegation as soon as possible if they do not already know of it.

The case manager **must not** carry out an investigation or **directly interview** an individual about whom there is a concern until the above process has been duly completed and relevant partners have been consulted.

A multi-agency allegations management strategy meeting may be arranged to look at the allegation in its widest context. The case manager must attend this meeting, which will be arranged by the LADO. All issues must be recorded, and the outcome reached must be noted to ensure closure.

In many cases it may be appropriate to provide further training and support to staff/volunteers and ensure that they are clear about the expectations for their conduct.

In more serious cases, allegations may be investigated under the formal disciplinary procedures and, where allegations are upheld, formal warnings issued as well as specific training and support. In cases where children/young people may be at further risk and/or evidence/witnesses may be compromised and/or the allegations are so serious that they may, if upheld, constitute gross misconduct, suspension of the member of staff/volunteer may be appropriate and should be considered in line with the school's Disciplinary Policy.

Any staff/volunteers who are dismissed by the school for gross misconduct or cumulative misconduct relating to safeguarding of children/young people will be referred to the DBS for consideration of barring. Similarly, where the school has a reasonable belief that the member of staff/volunteer would have been dismissed by the school had they been employed at the time of the conclusion of investigations, they will be referred to the DBS. The school will keep written records of all the above. Teaching staff may also be referred to the TRA.

Response to 'low level concerns'

The DSL / Principal should speak to the person who is raising the concern

Review the information and decide whether the behaviour is:

- (i) Entirely consistent with the School Staff Code of Conduct
- (ii) Constitutes a low level concern
- (iii) Is serious enough to consider a referral to the Local Authority Designated Officer (LADO) Safeguarding Policy
- (iv) When considered with any other previous low level concerns about this individual, should be reclassified as an allegation and referred to the Principal and LADO/any other statutory agencies;

If the DSL is in doubt about the outcome of Step 2, the DSL must discuss the matter with the Principal before a decision is made.

If the information shared meets organisations expectations and is compliant with Code of Conduct, then:

The case manager will inform the individual concerned what was shared about their behaviour and give them an opportunity to respond; will speak to person who shared the low level concern, providing feedback about how and why the behaviour is consistent with the Code of Conduct and the law; and will consider if a review of the Code of Conduct is necessary.

The records of 'low level concerns' will include:

Details of the concern

The context which it arose

Evidence collected by the DSL where the concern has been raised via a third party

The decisions categorising the type of behaviour

Action taken

The rationale for all decisions and actions taken must be recorded

The name of the individual sharing the concerns (respecting any wish to remain anonymous as far as possible)

LADO Contact: Tracey Holyhead 0151 934 3783

Where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, they can contact:

The NSPCC whistleblowing helpline available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00am to 8:00pm, Monday to Friday and Email: help@nspcc.org.uk.

For all allegations, the following information will be recorded:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- A note of any action taken, decisions reached, whether the outcome was substantiated, unsubstantiated or unfounded
- A copy provided to the person concerned, where agreed by children's social care or police
- A declaration on whether the information will be referred to in any future reference.
Substantiated allegations will be included in references, provided the information is factual and does not include opinions.

27 Whistleblowing

Staff must acknowledge their individual responsibility to bring matters of concern to the attention of senior management and/or relevant agencies. Although this can be difficult, this is particularly important where the welfare of children may be at risk.

Adults working in the school may be the first to recognise that something is wrong but may not feel able to express their concerns out of a feeling that this would be disloyal to colleagues or for fear of harassment or victimisation. These feelings, however natural, must never result in a child or young person continuing to be unnecessarily at risk. Staff must remember that it is often the most vulnerable child who is targeted. These children need adults they can trust to safeguard their welfare.

Reasons for whistleblowing:

- Everyone has a responsibility for raising concerns about unacceptable practice or behaviour
- To prevent the problem worsening or widening
- To protect or reduce risks to others
- To prevent becoming implicated yourself

What stops people from whistleblowing?

- Fear of starting a chain of events which spirals out of control
- Disrupting the work or project
- Fear of getting it wrong
- Fear of repercussions or damaging careers
- Fear of not being believed

How to raise a concern:

- Voice concerns, suspicions or uneasiness as soon as possible. The earlier a concern is expressed the easier and sooner action can be taken
- Try to pinpoint exactly what practice is causing concern and why

- Approach the Designated Safeguarding Lead, **Mr Sean Hardeley**
- If the concern is related to the Principal, the Chair of Governors should be contacted or, if it is felt that the issue needs to be reported to someone outside the school, contact Sefton MASH
- Staff should ensure they get a satisfactory response - don't let matters rest If a staff member feels their genuine concerns are not being addressed, the issue should be referred to Sefton MASH
- Ideally, concerns should be put in writing, outlining the background and history, giving names, dates and places wherever possible

A member of staff is not expected to prove the truth of an allegation but will need to demonstrate sufficient grounds for the concern.

What happens next?

- The individual reporting the concerns will be given information on the nature and progress of any enquiries
- The employer has a responsibility to protect individual members of staff from harassment or victimisation
- No action will be taken against an individual if the concern proves to be unfounded and was raised in good faith
- Malicious allegations may be considered as a disciplinary offence.

Self-reporting:

There may be occasions where a member of staff has a personal difficulty, perhaps a physical or mental health problem, which they know to be impinging on their professional competence. Staff have a responsibility to discuss such a situation with their line manager so professional and personal support can be offered to the member of staff concerned. Whilst such reporting will remain confidential in most instances, this cannot be guaranteed where personal difficulties raise concerns about the welfare or safety of children.

Further advice and support:

It is recognised that whistleblowing can be difficult and stressful. Advice and support is available from senior managers, HR provider and/or your professional or trade union. The school has Whistleblowing procedures.

28 Use of 'reasonable force' in schools and colleges

The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a child needs to be restrained to prevent violence or injury.

At our school there may be circumstances when it is appropriate for staff to use reasonable force to safeguard children. 'Reasonable' in these circumstances means 'using no more force than is needed'. The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of the classroom.

When using reasonable force in response to risks presented by incidents involving children with special educational needs or disabilities (SEND), mental health or with medical conditions, our school will consider the risks and carefully recognise the additional vulnerability of these groups. We will also consider our duties under the Equality Act 2010 in relation to making reasonable adjustments, non-discrimination and their Public Sector Equality Duty.

At our school we are committed to planning positive and proactive behaviour management and support, for instance through drawing up individual behaviour plans for more vulnerable children and agreeing them with parents and carers.

29 Use of school or college premises for non-school/college activities

When services or activities are provided by the governing body of our school under the direct supervision or management of our staff all arrangements for child protection and safeguarding will apply.

Our school will seek assurance that appropriate arrangements are in place to keep children safe including a child protection policy when the premises are hired, leased and rented out to organisations who provide activities and services and who are not part of the school.

We will inspect all associated documentation and ensure the organisation will liaise with the school when any concerns are raised. We will ensure safeguarding requirements are included in any transfer of control agreement (i.e. lease or hire agreement), as a condition of use and occupation of the premises; and that failure to comply with this would lead to termination of the agreement.

30 Complaints

Our school has a published complaints procedure available to parents/carers and anyone for anyone across the school community who wishes to report concerns. Any concerns that are related to an allegation against a member of staff including volunteers and contractors will be dealt with under the Managing allegations against staff procedures that are in place.

Knowsley MASH	0151 443 2600	0151 443 2600 (same as MASH)
Lancashire Care Connect	0300 123 6720	0300 123 6722

32. Safety and Suitability of Premises, Environment and Equipment

We will ensure that our premises, including overall floor space and outdoor spaces, are fit for purpose and suitable for the age of children cared for and the activities provided on the premises. Spaces, furniture, equipment and toys, must be safe for children to use and premises must be secure. We will keep premises and equipment clean, and be aware of, and comply with, requirements of health and safety legislation (including fire safety and hygiene requirements). We have, and implement, a **Health and Safety Policy**, and procedures, which include identifying, reporting and dealing with accidents, hazards and faulty equipment.

We will take reasonable steps to ensure the safety of children, staff and others on the premises in the case of fire or any other emergency and have emergency evacuation and lockdown procedures. We must have appropriate fire detection and control equipment (for example, fire alarms, smoke detectors and fire extinguishers) which are in working order. Fire exits are clearly identifiable, and fire doors are kept free of obstruction and are easily opened from the inside.

We operate a strict no smoking policy – we will not allow smoking in or on the premises when children are present or about to be present – this includes the use of electronic cigarettes (E-Cigarettes).

All reasonable steps are taken to ensure staff, children in our care and others affected by what we do are not exposed to risks and are able to demonstrate how we are managing risks. Risk Assessments inform staff practice and demonstrate how we are managing risks. Risk assessments identify aspects of the environment that need to be checked on a regular basis, when and by whom those aspects will be checked, and how the risk will be removed or minimised.

Children will be kept safe while on outings, and we obtain written parental permission for children to take part in outings. We assess the risks or hazards which may arise for the children, and identify the steps to be taken to remove, minimise and manage those risks and hazards. The assessment includes consideration of adult to child ratios. We consider what additional measures are necessary when children stay overnight. Vehicles in which children are being transported, and the driver of those vehicles, are adequately insured. Refer to the school **Educational Visits Procedures** for further details.

All staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. We operate within a whole school community ethos and welcome comments from pupils, parents and others about areas that may need improvement as well as what we are doing well.

We will only release children into the care of individuals who have been notified to us by the parent and will ensure that children do not leave the premises unsupervised.

We will take all reasonable steps to prevent unauthorised persons entering the premises and have an agreed procedure for checking the identity of visitors. Visitors are expected to sign in and out via the office visitors log and to display a visitor badge whilst on school site. Any individual who is not known or identifiable should be challenged for clarification and reassurance.

The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

33. Monitoring and Review

Safeguarding including child protection is to be a regular agenda item at full Governors meetings; Sub-Committee Meetings and staff meetings giving the Designated Safeguarding Lead the opportunity to update on staff/governor training and any other relevant issues or changes.

Appendix 1: STATUTORY FRAMEWORK KEY STATUTORY AND NON-STATUTORY GUIDANCE

In order to safeguard and promote the welfare of children, St Mary's College will act in accordance with the following legislation and guidance:

[Keeping Children Safe in Education \(KCSIE\) 2021](#) and [Working Together to Safeguard Children \(2018\)](#) and the [Governance Handbook](#).

[Governance Handbook](#). We comply with this guidance and the procedures set out by our local safeguarding children board;

"Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers (July 2018).

Part 3 of the schedule to the [Education \(Independent School Standards\) Regulations 2014](#), which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school

[The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children

Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18

[Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM

[The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children

Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children

Statutory [Guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

Guidance for safer working practice for those working with children and young people in education settings (GSWP) (Safer Recruitment Consortium May 2019)

[**Guidance for safer working practice for those working with children and young people in education settings \(Safer Recruitment Consortium Addendum April 2020\)**](#)

[**Sexual violence and sexual harassment between children in schools and colleges \(DfE 2021\)**](#)

[**Sharing nudes and semi-nudes: advice for education settings working with children and young people \(Department for Digital, Culture, Media & Sport and UK Council for Internet Safety 2020\)**](#)

[**Safeguarding and remote education during coronavirus \(COVID-19\) \(DfE, 2021b\)**](#)

Children Missing Education – Statutory guidance for local authorities (DfE September 2016)

When to call the police – Guidance for schools and colleges (NPCC – 2020)

Education and Training (Welfare of Children) Act 2021

<https://www.legislation.gov.uk/ukpga/2021/16/contents/enacted>

Schools and colleges are under a statutory duty to cooperate with the published Sefton Strategic Safeguarding arrangements.

The [Childcare \(Disqualification\) Regulations 2018](#) and [Childcare Act 2006](#), which set out who is disqualified from working with children

Appendix 2 s

Safer Recruitment, selection and pre-employment vetting

The school aims to create a culture of safe recruitment by adopting procedures that will help deter, reject or identify people who may be a risk to the safety of children.

European Economic Area (EEA) regulating authority teacher sanctions or restrictions

From 01 January 2021 the TRA Teacher Services system no longer maintains a list of those teachers who have been sanctioned in EEA member states. Advice about how information about a teacher's past conduct may be obtained can be found at paragraph 262-267. (KCSIE 2021)

Advert to recruit

Our advert will state:

- Our school's commitment to safeguarding and promoting the welfare of children
- That safeguarding checks will be undertaken
- The safeguarding requirements and responsibilities of the role, such as the extent to which the role will involve contact with children
- **Whether or not the role is exempt from the Rehabilitation of Offenders Act 1974 and the amendments to the Exceptions Order 1975, 2013 and 2020. If the role is exempt, certain spent convictions and cautions are 'protected', so they do not need to be disclosed, and if they are disclosed, we cannot take them into account**

Application forms

Our application forms will include:

- a statement saying that it is an offence to apply for the role if an applicant is barred from engaging in regulated activity relevant to children (where the role involves this type of regulated activity)
- a copy of, or link to, our child protection and safeguarding policy and our policy on the employment of ex-offenders

Shortlisting

When shortlisting candidates our process will:

- Involve at least 2 people
- Consider any inconsistencies and look for gaps in employment and reasons given for them
- Explore all potential concerns

All candidates who are shortlisted will be asked to complete a self-declaration of their criminal record or any information that would make them unsuitable to work with children, so that they can share relevant information and discuss it at interview stage. The information we will ask for includes:

- If they have a criminal history
- Whether they are included on the barred list
- Whether they are prohibited from teaching
- Information about any criminal offences committed in any country in line with the law as applicable in England and Wales
- Any relevant overseas information
- Signing a declaration confirming the information they have provided is true

Employment history and obtaining references

We will obtain references before interview. Any concerns raised will be explored further with referees and taken up with the candidate at interview.

When seeking references, we will:

- Not accept open references
- Liaise directly with referees and verify any information contained within references with the referees
- Ensure any references are from the candidate's current employer and completed by a senior person. Where the referee is school based, we will ask for the reference to be confirmed by the Principal/principal as accurate in respect to disciplinary investigations
- Obtain verification of the candidate's most recent relevant period of employment if they are not currently employed
- Secure a reference from the relevant employer from the last time the candidate worked with children if they are not currently working with children
- Compare the information on the application form with that in the reference and take up any inconsistencies with the candidate
- Resolve any concerns before any appointment is confirmed

Interview and selection

When interviewing candidates, we will:

- Probe any gaps in employment, or where the candidate has changed employment or location frequently, and ask candidates to explain this
- Explore any potential areas of concern to determine the candidate's suitability to work with children
- Record all information considered and decisions made

Pre-appointment vetting checks - We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

New staff - All offers of appointment will be conditional until satisfactory completion of the necessary pre-employment checks. When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced DBS certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will obtain the certificate before, or as soon as practicable after, appointment, including when using the DBS update service. We will not keep a copy of the certificate for longer than 6 months, but when the copy is destroyed we may still keep a record of the fact that vetting took place, the result of the check and recruitment decision taken
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher

We will undertake additional checks, as appropriate, on candidates who have lived or worked outside of the UK. Where available, these will include:

- For all staff, including teaching positions: [criminal records checks for overseas applicants](#)

- For teaching positions: obtaining a letter of professional standing from the professional regulating authority in the country where the applicant has worked
- Check that candidates taking up a management position* are not subject to a prohibition from management (section 128) direction made by the secretary of state Management positions are most likely to include, but are not limited to, Principals, principals and deputy/assistant Principals.
- We will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we take a decision that an individual fall outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment on the individual's personnel file. This will include our evaluation of any risks and control measures put in place, and any advice sought.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children; or
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff - In certain circumstances we will carry out all the relevant checks on existing staff as if the individual was a new member of staff. These circumstances are when:

- There are concerns about an existing member of staff's suitability to work with children; or
- An individual move from a post that is not regulated activity to one that is; or
- There has been a break in service of 12 weeks or more

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- We believe the individual has engaged in [relevant conduct](#); or
- We believe the individual has received a caution or conviction for a relevant (automatic barring either with or without the right to make representations) offence, under the [Safeguarding Vulnerable Groups Act 2006 \(Prescribed Criteria and Miscellaneous Provisions\) Regulations 2009](#); or
- We believe the 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and
- The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff -We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors -We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors and the school will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

For self-employed contractors such as music teachers or sports coaches, we will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual fall outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought.

Trainee/student teachers - Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

In both cases, this includes checks to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment

Schools with pupils aged under 8 add:

- Ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual fall outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought

Governors

All governors will have an enhanced DBS check without barred list information.

They will have an enhanced DBS check with barred list information if working in regulated activity.

The chair of the board will have their DBS check countersigned by the secretary of state.

All proprietors, trustees, local governors and members will also have the following checks:

- A section 128 check (to check prohibition on participation in management under [section 128 of the Education and Skills Act 2008](#)). [Section 128 checks are only required for local governors if they have retained or been delegated any management responsibilities.]
- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

Staff working in alternative provision settings

Where we place a pupil with an alternative provision provider, we obtain written confirmation from the provider that they have carried out the appropriate safeguarding checks on individuals working there that we would otherwise perform.

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

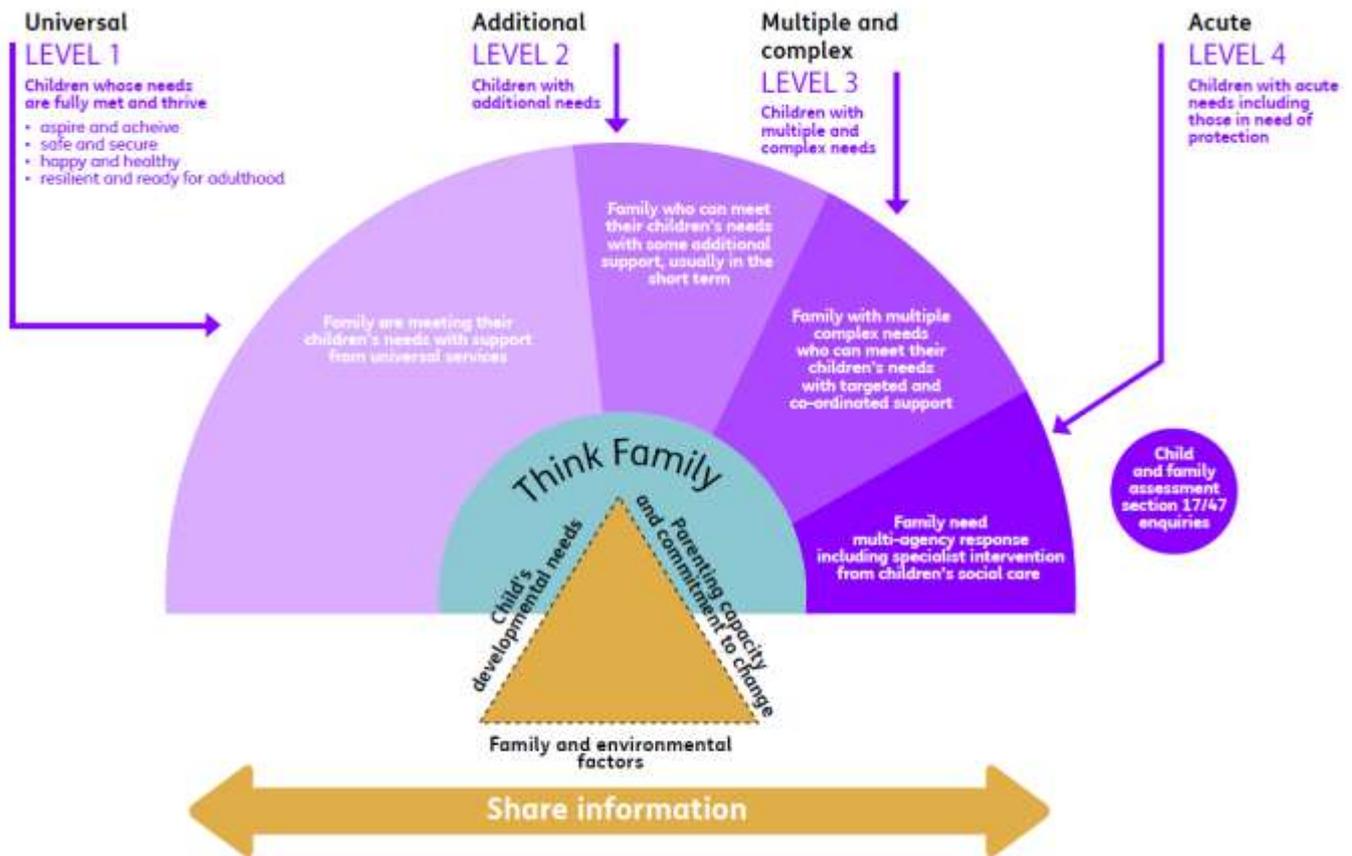

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Pupils staying with host families

Where the school decides for pupils to be provided with care and accommodation by a host family to which they are not related (for example, during a foreign exchange visit), we will request enhanced DBS checks with barred list information on those people.

Where the school is organising such hosting arrangements overseas and host families cannot be checked in the same way, we will work with our partner schools abroad to ensure that similar assurances are undertaken prior to the visit.

Appendix 3: Levels of Need – Level Descriptors

(REMEMBER: Levels of Need descriptors are to be used as a guidance only)

Where need is identified an appropriate response must be taken. As every child and family is unique descriptors of need provided are not prescriptive or exhaustive. All needs must be considered on a case by case basis and decisions should be made using professional judgement:

Level 1 – Children whose needs are fully met and thrive: Needs met through universal services

Voice of the Child; "Mum knows where to get help if she needs it and so I stay safe and warm in her womb".

Level 2 – Children with additional needs: Consider Early Help Assessment Voice of the Child: "Most of the time I feel happy but sometimes my family need help from other people to keep me safe".

Level 3 – Children with multiple and complex needs: Initiate Early Help Assessment Voice of the Child: "I'm struggling, I need help with many things, I need more help than my family can provide".

Level 4 – Children with acute needs includes those in need of protection - Social worker led specialist intervention required Voice of the Child: "I am frightened when I go home, but if I don't go back something will happen to mum or my brother. Someone make it stop."

Where a professional is unsure of the most appropriate response to identified needs, discussion with a manager, or a designated safeguarding lead, for support must take place to ensure and oversee that appropriate actions are taken.

Appendix 4: Definitions and indicators of Abuse

1. NEGLECT

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers); or
- Ensure access to appropriate medical care or treatment

(It may also include neglect of, or unresponsiveness to, a child's basic emotional needs).

The following may be indicators of neglect (this is not designed to be used as a checklist):

- Constant hunger
- Stealing, scavenging and/or hoarding food
- Frequent tiredness or listlessness
- Frequently dirty or unkempt
- Often poorly or inappropriately clad for the weather
- Poor school attendance or often late for school
- Poor concentration
- Affection or attention seeking behaviour
- Illnesses or injuries that are left untreated
- Failure to achieve developmental milestones, for example growth, weight
- Failure to develop intellectually or socially
- Responsibility for activity that is not age appropriate such as cooking, ironing, caring for siblings
- The child is regularly not collected or received from school; or
- The child is left at home alone or with inappropriate carers

2. PHYSICAL ABUSE

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or *otherwise* causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

The following may be indicators of physical abuse (this is not designed to be used as a checklist):

- Multiple bruises in clusters, or of uniform shape
- Bruises that carry an imprint, such as a hand or a belt
- Bite marks
- Round burn marks
- Multiple burn marks and burns on unusual areas of the body such as the back, shoulders or buttocks
- An injury that is not consistent with the account given
- Changing or different accounts of how an injury occurred
- Bald patches
- Symptoms of drug or alcohol intoxication or poisoning
- Unaccountable covering of limbs, even in hot weather
- Fear of going home or parents being contacted;
- Fear of medical help
- Fear of changing for PE
- Inexplicable fear of adults or over-compliance
- Violence or aggression towards others including bullying; or
- Isolation from peers

3. SEXUAL ABUSE

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

The following may be indicators of sexual abuse (this is not designed to be used as a checklist):

- Sexually explicit play or behaviour or age-inappropriate knowledge
- Anal or vaginal discharge, soreness or scratching
- Reluctance to go home
- Inability to concentrate, tiredness
- Refusal to communicate
- Thrush, persistent complaints of stomach disorders or pains
- Eating disorders, for example anorexia nervosa and bulimia
- Attention seeking behaviour, self-mutilation, substance abuse
- Aggressive behaviour including sexual harassment or molestation
- Unusual compliance
- Regressive behaviour, enuresis, soiling
- Frequent or open masturbation, touching others inappropriately
- Depression, withdrawal, isolation from peer group
- Reluctance to undress for PE or swimming; or
- Bruises or scratches in the genital area

4. EMOTIONAL ABUSE

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may also involve seeing or hearing the ill-treatment of another person. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment.

The following may be indicators of emotional abuse (this is not designed to be used as a checklist):

- The child consistently describes him/herself in very negative ways – as stupid, naughty, hopeless, ugly
- Over-reaction to mistakes
- Delayed physical, mental or emotional development
- Sudden speech or sensory disorders
- Inappropriate emotional responses, fantasies
- Behaviours such as rocking, banging head, regression, tics and twitches
- Self-harming, drug or solvent abuse
- Fear of parents being contacted

- Running away
- Compulsive stealing
- Appetite disorders - anorexia nervosa, bulimia; or
- Soiling, smearing faeces, enuresis

NB: Some situations where children stop communication suddenly (known as “traumatic mutism”) can indicate maltreatment.

5. DISABLED CHILDREN

When working with children with disabilities, practitioners need to be aware that additional vulnerabilities to abuse and neglect such as:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child’s disability without further exploration.
- Children with SEN and disabilities can be disproportionately impacted by things like bullying without outwardly showing any signs.
- Communication barriers and difficulties in overcoming these barriers.

Possible indicators of abuse and/or neglect may also include:

- A bruise in a site that might not be of concern on an ambulant child such as the shin, might be of concern on a non-mobile child
- Not getting enough help with feeding leading to malnourishment
- Poor toileting arrangements
- Lack of stimulation
- Unjustified and/or excessive use of restraint
- Rough handling, extreme behaviour modification such as deprivation of medication, food or clothing, disabling wheelchair batteries
- Unwillingness to try to learn a child’s means of communication
- Ill-fitting equipment for example, callipers, sleep boards, inappropriate splinting
- Misappropriation of a child’s finances; or
- Inappropriate invasive procedures

6. RESPONSES FROM PARENTS

Research and experience indicate that the following responses from parents may suggest a cause for concern across all four categories:

- Delay in seeking treatment that is obviously needed
- Unawareness or denial of any injury, pain or loss of function (for example, a fractured limb)
- Incompatible explanations offered, several different explanations or the child is said to have acted in a way that is inappropriate to her/his age and development
- Reluctance to give information or failure to mention other known relevant injuries
- Frequent presentation of minor injuries
- A persistently negative attitude towards the child
- Unrealistic expectations or constant complaints about the child
- Alcohol misuse or other drug/substance misuse
- Parents request removal of the child from home; or
- Violence between adults in the household

APPENDIX 5 – CE CHECKLIST

Signs of Child Exploitation Guidance Checklist

- This guidance checklist can be used by all professionals working with children aged 10+
- This guidance checklist can help you focus on the specific indicators of child exploitation and determine whether further advice and/or support is needed. The checklist could be used in supervision, in discussions with parents and carers, with other professionals and with the child
- Professionals need to exercise their own judgement when completing the checklist This includes capturing concerns about which they have some evidence **AND** concerns based on their “gut feelings” Staff should differentiate between the two and explain this in the notes section
- Where child exploitation is suspected the worker should discuss their concerns with their manager and should also inform their agency’s lead professional who will be monitoring the bigger picture for any emerging patterns
- Professionals should feel free to use the checklist creatively, including as part of awareness raising work with children or in engaging parents and carers in understanding the issues
- Once completed if it confirms concerns and/ or identifies risk of significant harm, you **MUST** make a referral to the local Multi Agency Safeguarding Hub
- Please add any intelligence you may have on to Tell Us <https://www.merseysidepolice.uk/tua/tell-us-about/soh/something-youve-seen-or-heard/>

Lead Agency Involvement

No Lead Agency	Early Help	Child in Need	Child Protection	Looked After

Which of the following are applicable to this young person?

	Please provide any information you have in relation to any of these indicators
<p>Has the young person gone missing regularly? This could be only a few hours or for longer periods Is there any pattern to these missing episodes?</p>	
<p>Are there any concerns that Parents / Carers are not reporting a young person missing?</p>	
<p>Are there any concerns about drug or alcohol misuse?</p>	
<p>Has extra money/new items/‘gifts’ that cannot legitimately be accounted for/received from unknown sources</p>	
<p>Has there been any changes in the young person’s physical appearance or behaviour?</p>	
<p>Has the young person been pregnant, had a termination or repeat testing for sexually transmitted infections?</p>	

<p>Has the young person been coerced to take/share indecent images?</p>	
<p>Has the young person been arrested/Involved in criminality?</p>	
<p>Has the young person been found / travelling out of Borough?</p>	
<p>Has the young person have multiple mobile phones?</p>	
<p>Does the young person feel indebted to an individual or group?</p>	
<p>Family or young person having to move or leave their home</p>	
<p>Are there items missing from the home?</p>	
<p>Young person carrying / concealing weapons</p>	
<p>Associates known to be involved in criminality or Organised Crime Groups (OCG's)</p>	
<p>Absent from school / Non-school attendance</p>	

Services have not been able to engage with child	
Living in a chaotic / dysfunctional household	
Low self-esteem / self confidence	
Association with others who have been exploited	
Self-harm indicators and/or mental health concerns and/or suicidal thoughts/attempts	
Injuries – evidence of physical or sexual assault	
Has there been a recent relationship breakdown with family and or peers?	
Is the young person homeless?	
Association with older and/or risky peers – who are they?	
Is the young person a Young Carer?	

<p>Change in education attendance/Change in education provider/Missing from education/Non-attendance in education</p>	
<p>Young person's sexuality increases their vulnerability as they feel unaccepted due to sexual orientation</p>	
<p>Is there any information about risky adults in the young person's life? If so, who are they? Nicknames? DOB? Car registrations or phone numbers? Please also submit this information to the police 'Tell Us Website'</p>	
<p>Any other information that professionals, family or young person feel is relevant? Any locations that are of concern? Addresses being attended by young people? Any parks, shops or other public spaces raised as a concern?</p>	
<p>Does the child have a trusted relationship with a safe adult? If so, who is it? It could be a professional, relative or family friend</p>	
<p>Are Parents / Carers aware of these concerns? What are their views?</p>	
<p>Does the young person have awareness of these concerns? What is their view?</p>

ALLEGATIONS AGAINST AN ADULT WHO WORKS WITH CHILDREN

STRICTLY CONFIDENTIAL

THE CONTENTS OF THIS REPORT ARE NOT TO BE REPRODUCED, COPIED OR DIVULGED IN ANY WAY. INFORMATION IS NOT TO BE DISCUSSED WITH, OR REVEALED TO, PERSONS WHO ARE NOT REQUIRED IN THE INTERESTS OF A CHILD TO HAVE SUCH INFORMATION. ALL ENQUIRIES FOR THE USE OF ANY SUCH INFORMATION SHOULD BE MADE TO THE LOCAL AUTHORITY DESIGNATED OFFICER

REFERRAL FORM

To be completed by the Senior Manager (or other designated person to provide the information) of the employing agency for the adult concerned. To be emailed directly to the SafeguardingUnitAdmin@sefton.gov.uk within 24 hrs of the allegation being made. **Form should be completed in detail; all yellow sections are mandatory.**

DATE ALLEGED INCIDENT HAPPENED	
DATE ALLEGATION RECEIVED BY REFERRING AGENCY	
DATE ALLEGED INCIDENT REFERRED TO CHILDREN'S SAFEGUARDING UNIT	

1. ADULT AGAINST WHOM THE ALLEGATION HAS BEEN MADE

NAME						
DOB		GENDER		ETHNICITY		
HOME ADDRESS						
CONTACT DETAILS	TEL:		EMAIL:			
JOB TITLE						
EMPLOYER						
EMPLOYER ADDRESS & CONTACT DETAILS	TEL:		EMAIL:

POLICE		YOT		PROBATION		CAFCASS
FAITH GROUP		NSPCC		ASYLUM/IMMIGRATION		VOLUNTARY YOUTH ORG.
ARMED FORCES		OTHER		IF OTHER OR VOL. YOUTH ORG. PLEASE STATE WHICH		

2. HAVE THERE BEEN ANY PREVIOUS ALLEGATIONS AGAINST THE ADULT? YES/NO

If YES, please provide details including dates and any previous referrals to the Children's Safeguarding Unit:

3. REFERRER

NAME	
JOB TITLE	
ORGANISATION	
CONTACT DETAILS (incl. Address, E-Mail & Telephone number)	

4. SENIOR MANAGER

IS THE SENIOR MANAGER OF EMPLOYING AGENCY OF THE ADULT CONCERNED AWARE OF THE ALLEGATION?

If no, please give reason why not:

5. CHILD'S DETAILS

NAME					
DATE OF BIRTH		GENDER		ETHNICITY	
CURRENT ADDRESS (Inc. post code)					
CONTACT DETAILS	TEL		EMAIL		
PARENTS/CARERS ADDRESS (Inc. post code)					
CONTACT DETAILS	TEL		EMAIL		

DOES THE CHILD HAVE ANY COMMUNICATION NEEDS?

If so, please state what:

IS THE CHILD KNOWN TO CHILDREN'S SOCIAL CARE?	YES	ICS ID NO.	
--	------------	-------------------	--

IF YES PLEASE INDICATE IN WHAT CAPACITY (Please tick):

FAMILY SUPPORT		CHILD PROTECTION PLAN		LOOKED AFTER CHILD (see below also)	
LEGAL STATUS IF LOOKED AFTER CHILD(Please tick):					
S.20 ACCOMMODATION		INTERIM CARE ORDER		CARE ORDER	
				PLACEMENT ORDER	
					SPECIAL GUARDIANSHIP
CHILD'S SOCIAL WORKER					
CONTACT DETAILS	TEL		EMAIL		
HAS THE CHILD'S SOCIAL WORKER BEEN INFORMED? YES					
If not, please give reasons why not:					

6. ARE THERE ANY OTHER CHILDREN INVOLVED IN THE ALLEGATION? (Please provide details below)

NAME & ICS No.	DATE OF BIRTH	ADDRESS & CONTACT DETAILS	PARENTS (Inc. address & contact details if different from child)

7. DOES THE ADULT CONCERNED HAVE CONTACT WITH ANY OTHER CHILDREN? YES/NO (Including their own children, grandchildren or via extended family networks/friends/youth groups/other employment etc)

NAME	DATE OF BIRTH	RELATIONSHIP TO ADULT CONCERNED	ADDRESS & CONTACT DETAILS

8. NATURE AND DETAILS OF ALLEGATION

Please indicate the nature of the allegation (Please tick):					
PHYSICAL		SEXUAL		EMOTIONAL	
				NEGLECT	
DOES THE ALLEGATION INVOLVE THE USE OF COMMUNICATIONS TECHNOLOGY?					Yes
IF YES PLEASE INDICATE THE FORM OF COMMUNICATION USED: i.e. mobile phone imagery, text, social networking site, internet etc.					

PLEASE PROVIDE FACTUAL DETAILED INFORMATION ABOUT WHAT HAS BEEN SEEN OR HEARD AND BY WHOM:

9. DISCUSSIONS AND ACTIONS

RECORD OF DISCUSSION AND ACTIONS

10. DECISION

DOES THIS MATTER MEET THE CRITERIA FOR INVESTIGATION UNDER LADO PROCEDURES IN WORKING TOGETHER?	YES/NO
ARE ENQUIRIES BEING MADE UNDER S.47 OF THE CHILDREN ACT (1989)?	YES/NO
STRATEGY MEETING TO BE CONVENED	YES/NO
STRATEGY DISCUSSION ONLY (PLEASE TICK)	

11. ANY OTHER RELEVANT INFORMATION PROVIDED / REQUIRED

Appendix 9: Flowchart for Managing Allegations Information for All Staff

Appendix 10: Social Care Flow Chart

Name of School Child Protection/ Safeguarding Flow Chart 'What to do if you are worried a child is being abused, at risk of harm or neglect'

Member of staff, volunteer has concerns about a child's welfare

- Be alert to signs of abuse and question unusual behaviour.

Where a child or young person discloses abuse or neglect

- Listen to what they say, keep calm, reassure they are right to tell, and you will take action to help keep them safe. **DO NOT DELAY take any immediate necessary action to protect the child.**
- Inform them you need to share the information and what you are going to do next
- Do not promise confidentiality, you will need to share/ report the information onwards.
- Do not question further or inform the alleged abuser.

Discuss concerns with the Snr Designated/ Named Safeguarding Lead

- The Safeguarding Lead will consider further actions including consultation with Children's Social Care/ MASH (if a new concern).
- Concerns and discussion, decisions and reasons for decision should be recorded in writing and a 'confidential concerns' or 'child protection' file should be opened, stored in line with the school child protection policy.

Still have concerns? Refer to MASH (Multi-Agency Safeguarding Hub) Social Care

Have child/ families' personal details to hand and be clear about concern/ allegations.

Safeguarding concern Resolved /no longer held

Support has been agreed, record decision, any follow up actions.

Children's Social Care
During Office Hour, Monday to Friday
Multi Agency Safeguarding Hub (MASH) Tel: Advice 0151 934 4013/4481 Complete on line form
If the child is at immediate risk
TEL: 999/101 and ask for assistance
Record all decisions and actions, working to agreed outcomes and within timescales. Escalate any emerging threats/concerns by adopting Sefton Local safeguarding Children Board procedures

Unmet needs identified
Decide what actions are needed to support the child.

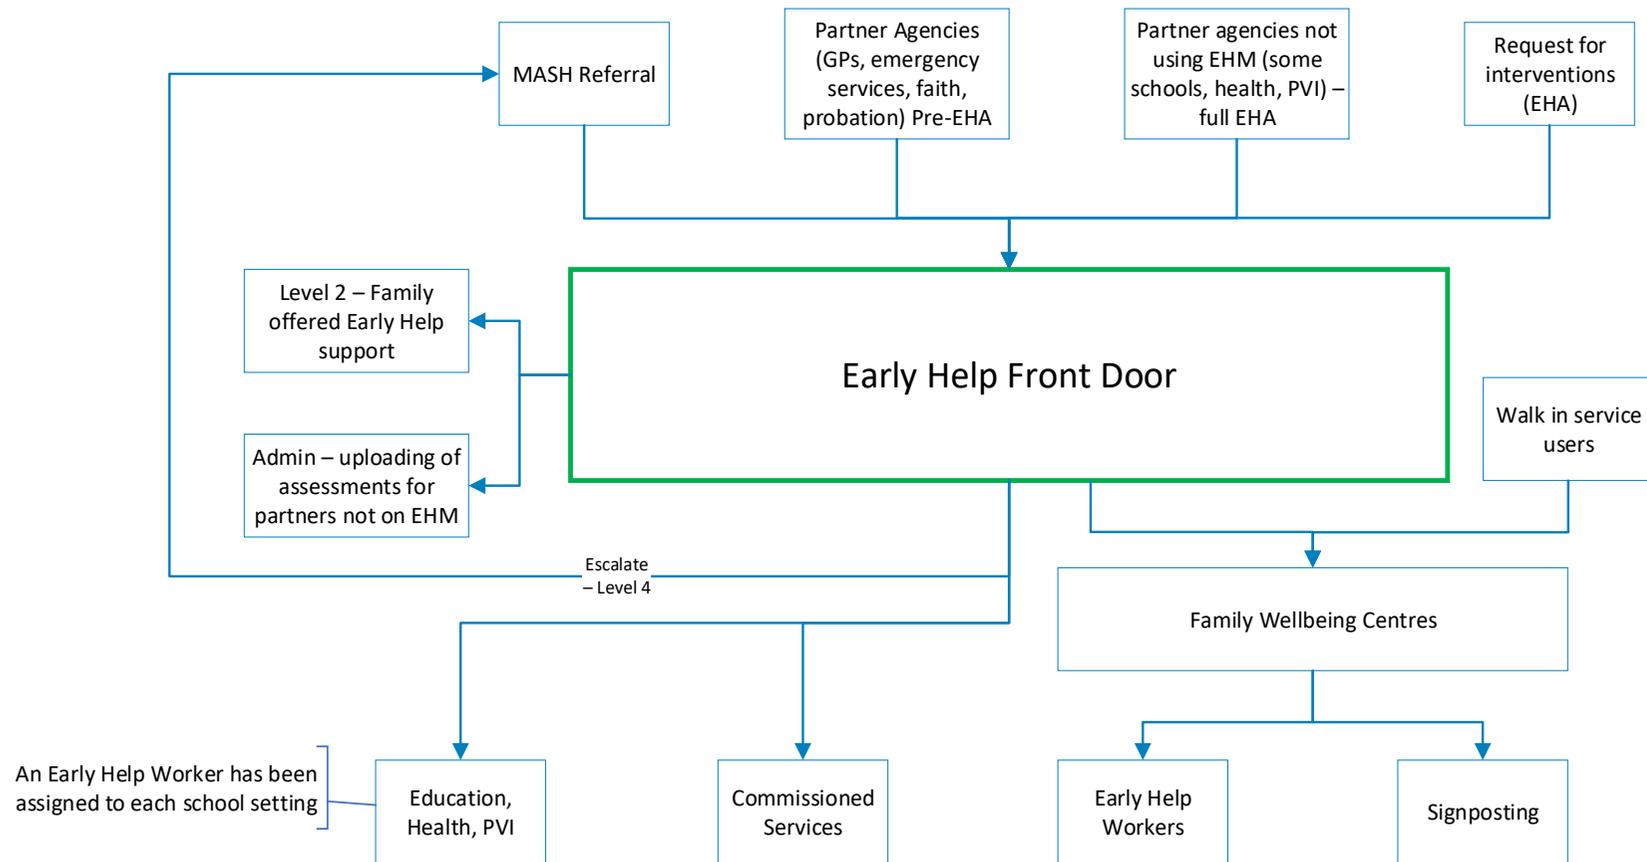

Consult with child young person, family and relevant agencies: Consider Early Help Assessment

Contacts: For any allegations/concerns regarding an adult who works with (in either paid/ voluntarily) employment with children contact the LA Designated Officer (LADO) Tracey Holyhead [Tel:- 0151 934 3783](tel:01519343783)
Tracy McKeating – LA Safeguarding Children in Education [Tel:- 07837863075](tel:07837863075)

This flow chart is intended as a brief guide. Please refer to our Child Protection Policy School/Academy Child Protection/ Safeguarding Policy

Appendix 10A: Early Help Basic Flowchart

Early Help Front Door - Pathway

If you would like more information about supporting a family under Early Help the please contact the Early Help Gateway at earlyhelp.sefton.gov.uk

Alternatively you can contact your nearest Family Wellbeing Centre

Appendix 11: Body Map Guidance for Schools

Medical assistance should be sought where appropriate

Body Maps should be used to document and illustrate visible signs of harm and physical injuries.

Always use a black pen (never a pencil) and do not use correction fluid or any other eraser.

Do not remove clothing for the purpose of the examination unless the injury site is freely available because of treatment.

***At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person, this type of behaviour could lead to the staff member being taken into managing allegations procedures, the body map below should be used in accordance with recording guidance Any concerns should be reported and recorded without delay to the appropriate safeguarding services, e.g. MASH or the child's social worker if already an open case to Children's social care.**

When you notice an injury to a child, try to record the following information in respect of each mark identified e.g. red areas, swelling, bruising, cuts, lacerations and wounds, scalds and burns:

- Exact site of injury on the body, e.g. upper outer arm/left cheek;
- Size of injury - in appropriate centimetres or inches;
- Approximate shape of injury, e.g. round/square or straight line;
- Colour of injury - if more than one colour, say so;
- Is the skin broken?
- Is there any swelling at the site of the injury, or elsewhere?
- Is there a scab/any blistering/any bleeding?
- Is the injury clean or is there grit/fluff etc?
- Is mobility restricted as a result of the injury?
- Does the site of the injury feel hot?
- Does the child feel hot?
- Does the child feel pain?
- Has the child's body shape changed/are they holding themselves differently?

Importantly the date and time of the recording must be stated as well as the name and designation of the person making the record Add any further comments as required.

Ensure First Aid is provided where required and record

A copy of the body map should be kept on the child's child protection file.

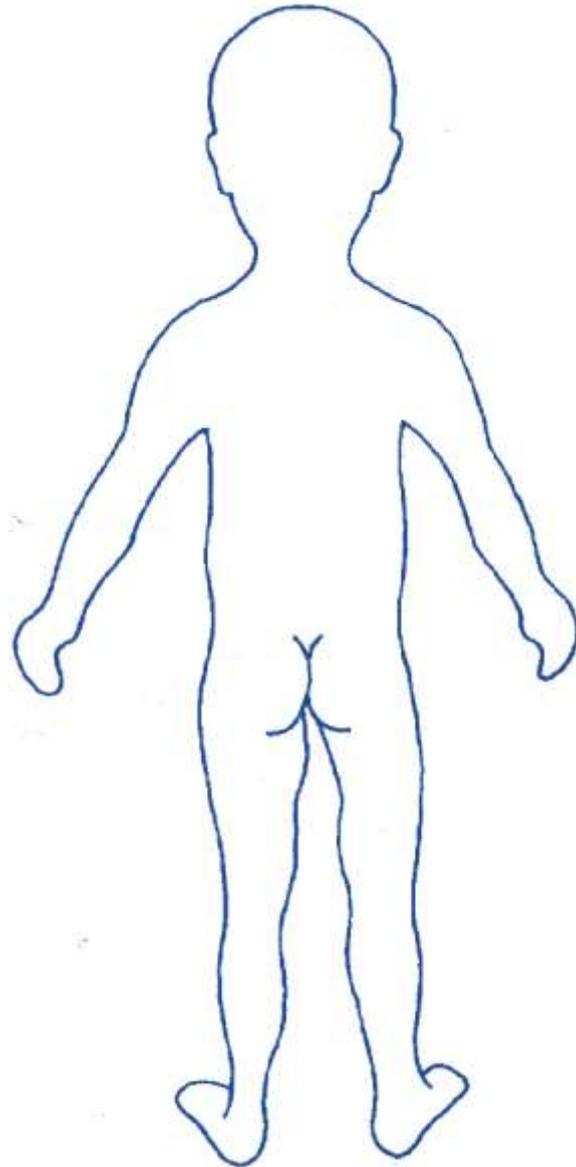

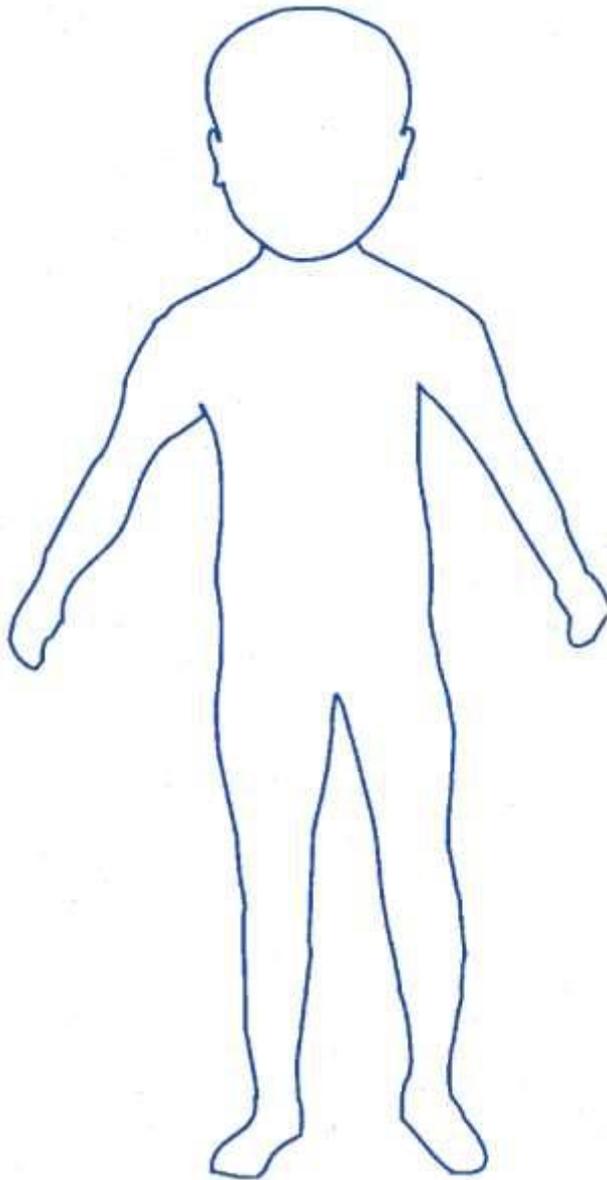

Appendix 12: Body Map

This must be completed at time of observation

Name of Pupil: _____ Date of Birth: _____

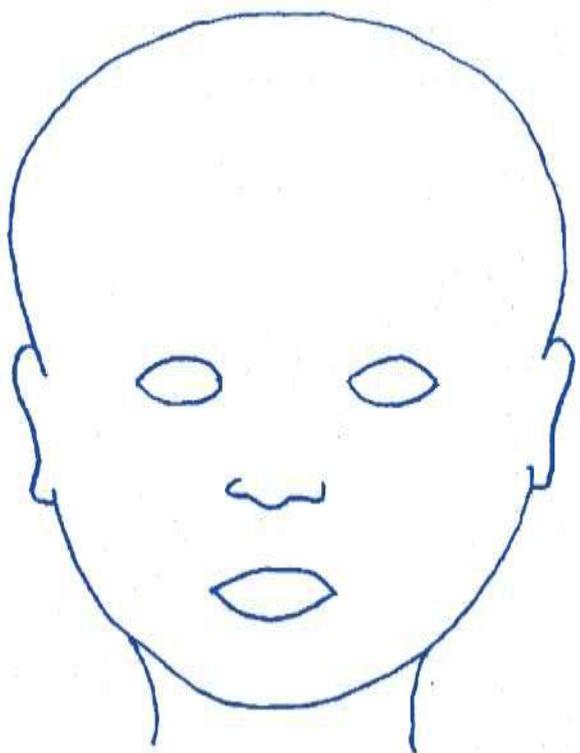

Name of Staff: _____ Job title: _____

Appendix 13: Record of concern about a child/young person's safety and welfare

Part 1 (for use by any staff – must be handwritten and legible)

Pupil's name:		Date of birth:	Class/Form:
Date & time of incident:		Date & time (of writing):	
Name (print): Job title:			
Signature:			
Record the following factually: Nature of concern, e.g. disclosure, change in behaviour, demeanour, appearance, injury, witnesses etc <i>(please include as much detail in this section as possible Remember – the quality of your information will inform the level of intervention initiated Attach additional sheets if necessary)</i>			
What is the pupil's perspective?			
Professional opinion, where relevant <i>(how and why might this have happened?)</i>			
Any other relevant information Previous concerns etc <i>(distinguish between fact and opinion)</i>			
Note actions, including names of anyone to whom your information was passed and when			

Check to make sure your report is clear to someone else reading it

Please pass this form to your DSL without delay

Part 2 (for use by DSL)

Information received by DSL:	Date:	Time completed:	From whom:		
Any advice sought , if applicable	Date:	Time completed:	From: name/organisation:		
	Advice received:				
Action taken with reasons recorded <i>(e.g. MARF completed, monitoring advice given to appropriate staff,</i>	Date:	Time completed:	By whom:		
Outcome	Date:	Time completed:	By whom:		
Parent/carer informed?	Y	Who has been spoken to?	Date:	Time:	By whom:
	N	Detail reason:			
Is any additional detail held, if so where?					

Prior safeguarding history	No of previous records of concern:		
	Has the child been subject of Early Help assessment?		
	Currently on CP Plan (CPP) / Child in Need Plan (CiN)		
	Previously on CP Plan (CPP) / Child in Need Plan (CiN)		
	Is child known to other agencies?	Y / N	
Name of DSL:		Signature:	

Appendix 14: Learning from Serious Case Review in Sefton

Key Findings

- Limited evidence of professional curiosity
- Failure to recognise the impact on the children of the hostility and aggression displayed within the family
- Shortcomings in single and multi-agency practice, with a tendency to focus on what was observable, rather than taking a more analytical approach
- The lived experience of the children was not understood
- Early recognition and identification of the signs of neglect was lacking
- Little exploration of the link between the individual and joint histories of the adults involved in the children's lives
- Communication between different professionals, agencies and organisations was variable
- The risk of harm to the children was not effectively assessed
- The impact of the family and children's social isolation was not recognised
- Insufficient information was not gathered about important aspects of the family's living arrangements and daily life experiences
- Relationships between family members was not understood
- Professionals did not consider an array of missed health appointments as an indicator of neglect
- No evidence of formal professional challenge when decisions reached were not collectively agreed within the Child Protection process
- Differing expectations between professionals of what information can be shared between agencies

Lessons

- Actions agreed at strategy meetings should be understood in relation to Child Protection enquiries
- Using the Graded Care Profile (GCP) assessment tool will support the early recognition and identification of signs of neglect
- Partner agencies must contribute to the decision-making process before the Children in Need (CIN) plan is ended
- Professionals should follow the LSCB Escalation Procedure for formal challenge
- Information sharing between agencies should be shared willingly and legally
- The impact of drug misuse is a significant aspect of assessment of need and risk of abuse or neglect
- Professionals must consider the link between children's tooth decay and/or missed medical appointments as an alert for neglect
- Professionals must follow their duties and responsibilities in responding specifically to the needs of an individual, where (learning) disability is known
- Professionals must take time and be given the opportunity, to reflect on their practice through professional supervision
